Daughters of Another Path Carol Anderson Anway,1996 Experiences of American women choosing Islam **Daughters of Another Path** Carol L. Anway,2002 **Daughters of Another Path** Carol L. Anway,1996 **Women Embracing Islam** Karin van Nieuwkerk,2009-07-21 Many Westerners view Islam as a religion that restricts and subordinates women in both private and public life Yet a surprising number of women in Western Europe and America are converting to Islam What attracts these women to a belief system that is markedly different from both Western Christianity and Western secularism What benefits do they gain by converting and what are the costs How do Western women converts live their new Islamic faith and how does their conversion affect their families and communities How do women converts transmit Islamic values to their children These are some of the questions that *Women Embracing Islam* seeks to answer In this vanguard study of gender and conversion to Islam leading historians sociologists anthropologists and theologians investigate why non Muslim women in the United States several European countries and South Africa are converting to Islam Drawing on extensive interviews with female converts the authors explore the life experiences that lead Western women to adopt Islam as well as the appeal that various forms of Islam as well as the Nation of Islam have for women The authors find that while no single set of factors can explain why Western women are embracing Islamic faith traditions some common motivations emerge These include an attraction to Islam s high regard for family and community its strict moral and ethical standards and the rationality and spirituality of its theology as well as a disillusionment with Christianity and with the unrestrained sexuality of so much of Western culture *The Columbia Sourcebook of Muslims in the United States* Edward E. Curtis,2009-05-18 Presents a patchwork narrative of Muslims from different ethnic and class backgrounds religious orientations and political affiliations bringing together an unusually personal collection of essays and documents from an incredibly diverse group of Americans who call themselves Muslims *Encyclopedia of Women and Religion in North America: Native American creation stories* Rosemary Skinner Keller,Rosemary Radford Ruether,Marie Cantlon,2006 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life *Changing Bodies* Chris Shilling,2008-06-18 Where are we at with studies of Body Society What are the key accomplishments in the field This book provides the clearest and most comprehensive account of work in this area to date Based on a novel theory of action it surveys the terrain by arguing that human identity social relationships and moral figurations develop as a result of people living in and seeking to reach beyond the limits of their bodily being From this starting point the author undertakes a series of studies on sport transgenderism migration illness survival and belief which illuminate the relationship between bodily change and action The book provides an unrivalled survey of theory and empirical research and explores the hitherto neglected tradition of American body studies Wide in scope systematic and incisive the book represents a landmark addition to the field of studies in body and society **Pluralism Comes of Age** Charles H. Lippy,2015-05-20 This acclaimed work

surveys the varied course of religious life in modern America Beginning with the close of the Victorian Age it moves through the shifting power of Protestantism and American Catholicism and into the intense period of immigration and pluralism that has characterized our nation s religious experience
