Classical Hebrew Poetry Wilfred G. E. Watson, 2004-12-30 In spite of debatable issues such as metre we now know enough about classical Hebrew poetry to be able to understand how it was composed This large scale manual rich in detail exegesis and bibliography provides guidelines for the analysis and appreciation of Hebrew verse Topics include oral poetry metre parallelism and forms of the strophe and stanza Sound patterns and imagery are also discussed A lengthy chapter sets out a whole range of other poetic devices and the book closes with a set of worked examples of Hebrew poetry Throughout other ancient Semitic verse has been used for comparison and the principles of modern literary criticism have been applied

Classical Hebrew Poetry Wilfred G.E. Watson, 2008 *The Basics of Hebrew Poetry* Samuel T. S. Goh, 2017-10-12 Almost 75 percent of the Old Testament is made up of poetic passages yet for many readers lay Christians even seminary students and pastors biblical poetic passages remain the greatest challenge Being unfamiliar with poetry in general and biblical poetry in particular their reading and preaching are limited to selected poetic passages This in turn limits their understanding of God s word To help readers overcome these problems the first four chapters of this book aim to get them familiarized with the literary techniques of biblical poets To demonstrate how the techniques work to bring across the biblical theological message the last three chapters offer poetic analyses of three passages of different kinds In the process we hope to draw attention to the beauty of the Hebrew poetic art and to the creative skill of biblical poets versification The ultimate aim however is to help readers discover the rich message of the Bible **Traditional Techniques in Classical Hebrew Verse** Wilfred G. E. Watson, 1994-09-01 Before during and after the preparation of *Classical Hebrew Poetry A Guide to its Techniques* Wilfred Watson published several articles on Hebrew poetry in a wide range of periodicals The present volume collects together the most significant of these writings including a chapter from a book on chiasmus as well as a few unpublished items After an opening survey of current work on Hebrew verse the articles cover the following topics parallelism including half line parallelism previously almost unnoticed antithesis word pairs chiasmus figurative language and introductions to speech in verse The last section deals with structural devices and a folktale motif in narrative verse hyperbole apostrophe and alliteration Previously unpublished items are on the contribution of ethno poetics from the study of Native American literature to Hebrew narrative verse a new topic in biblical studies parallelism in the Song of Songs and a metaphor in Jeremiah This anthology is intended as a companion volume to *Classical Hebrew Poetry* It includes additions and corrections to that book and there are also several indices Classical Hebrew poetry Wilfred G. E. Watson, 1984

Interpreting Hebrew Poetry David L. Petersen, 2009-12-01 Here is a convenient introduction to the unique aspects of interpreting the one third of the Hebrew Bible that is in poetic form Numerous are the occasions when a failure to distinguish poetry from prose in the Old Testament has resulted in flawed interpretation Robert Lowth s *Lectures on the Sacred Poetry of the Hebrews* 1753 1787 marked a turning point of major proportions by focusing on the importance of parallelism of lines

But new studies of the past decade now require significant adjustments to Lowth's analyses. *Interpreting Hebrew Poetry* offers an authoritative introduction to this discussion of parallelism, meter and rhythm and poetic style. It also provides by way of example a poetic analysis of Deuteronomy 32, Isaiah 5:1-7 and Psalm 1. *Directions in Biblical Hebrew Poetry* Elaine R. Follis, 1987-07-01. This collection of original papers reflects the intensity of current interest in the poetry of the OT and amply demonstrates the diversity of rewarding approaches now available. Some of these studies are landmarks and all are stimulating for further research. ***Traditional Techniques in Classical Hebrew Poetry*** Wilfred G. E. Watson, 1994.

The Structure of Classical Hebrew Poetry Marjo Christina Annette Korpel, Johannes Cornelis de Moor, 1998. Delimitation of structural units has always been a controversial subject in Old Testament exegesis. Yet all translation and interpretation depends on it. In this work hitherto largely unexplored but highly relevant evidence found in ancient Hebrew, Greek and Syriac manuscripts is evaluated. *Hebrew Verse Structure* Michael Patrick O'Connor, 1980. In this extensive and eclectic reconsideration of classical Hebrew poetics, O'Connor evaluates the assumptions that have guided scholars for more than two hundred years. The result is a great leap forward in the analysis and interpretation of early Hebrew poetry. David Noel Freedman.
