Clear Thinking Or an Englishman's Creed (Classic Reprint) Leslie Cecil Smith, 2015-07-11 Excerpt from Clear Thinking or an Englishman's Creed Of the making of many books we know there is no end and indeed a perusal of the lists of to day's books in the columns of our newspapers suggests that the prospective author owes not merely an apology more or less sincere by way of a preface but such an ordered defence as might convince a Grand Jury of critics that at least he had a case to take before the court of Public Favour Can one thus justify the production of a book which while purporting to deal with some great questions historical and political practical and philosophical yet claims neither to treat exhaustively nor with acknowledged authority As to originality if the faithful reproduction of the author's thoughts and opinions constitute originality then original these essays are yet the author will not quarrel with a critic who finds that some of these opinions are second hand or even trite The object of this book is firstly to enforce the lesson of the need of clear thought and to illustrate this lesson by the discussion of various questions secondly to show that the corollary of clear thought is the realisation of the public duty and individual profit of Imperial Patriotism About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
