Memory, and Campus History Rhondra Thomas, 2022-05-13 This essay collection explores the inextricable link between rhetoric public memory and campus history projects Since the early twentieth century after Brown University appointed its Steering Committee on Slavery and Justice higher education institutions around the globe have launched initiatives to research document and share their connections to slavery and its legacies Many of these explorations have led to investigations about the rhetorical nature of campus history projects including the names of buildings the installation of monuments the publication of books the production of resolutions and the hosting of public programs The essays in this collection examine the rhetorical nature of a range of initiatives including the creation of land acknowledgement statements the memorialization of universities historic financial ties to the slave trade the installation and removal of monuments or historical markers the development of curriculum for campus history projects The book takes a chronological approach beginning with the examination of a project at a university that was built on the site of a historic Native American town moving through a series of essays about initiatives that grew out of universities associations with slavery and its legacies in the United Kingdom and America and ending with a critique of several pedagogical approaches in campus history courses designed for undergraduate students **Legacy of a Southern Lady:** Ann Ratliff Russell, 2018-05-19 Anna Calhoun

Clemson was John C Calhoun's favorite child After reading Ann Russell's biography based on Anna's letters one finds it easy to understand why The product of a famous family and an exceptional woman Anna was also as Russell ably demonstrates very much a southern lady Her story her life's journey as Calhoun told his daughter her life would be gives us a glimpse of an important southern family of southern womanhood of heartbreak and difficulty of a nation torn apart by sectional conflict

Like Mary Chesnut's famous diary Anna's letters the crux of Russell's study provide us with a rich detailed picture of southern life both personal and public A History of the University of South Carolina, 1940-2000 Henry H. Lesesne, 2001 Describes the transformation of one of the nation's oldest public institutions of higher learning into a modern research university The history of the modern University of South Carolina originally chartered as South Carolina College in 1801 describes the significant changes in the state and in the character of higher education in South Carolina World War II the civil rights struggle and the revolution in research and South Carolina's economy transformed USC from a small state university in 1939 with a student body of less than 2 000 and an annual budget of 725 000 to a 1990 population of more than 25 000 and an annual budget of 454 million Then the University was little more than a small liberal arts college today the university is at the head of a statewide system of higher education with eight branch campuses Henry H Lesesne recounts the historic transformation of USC into a modern research university grounding that change in the context of the modernization of South Carolina and the South in general The half century from 1940 to 1990 wrought great changes in South Carolina and its most prominent university State and national politics the challenges of funding modern higher educations and the explosive growth of intercollegiate sports are among other elements of the University that were transformed Lesesne describes with candor and impressive research how the University of South Carolina and indeed all of the state's higher education system emerged from a past limited by racism and poverty and began to measure its aspirations by national educational standards **The South in the Building of the Nation: History of the states, ed. by J. A. C. Chandler** Julian Alvin Carroll Chandler, Franklin Lafayette Riley, John Bell Henneman, Edwin Mims, Thomas Edward Watson, Samuel Chiles Mitchell, Joseph Walker McSpadden, 1909 **The South in the Building of the Nation: History of the states, ed. by J. Chandler ,1909 **South Carolina State University** William C Hine, 2018-04-16 The turbulent history of one of South Carolina's historically black colleges and its significant role in the civil rights movement Since its founding in 1896 South Carolina State University has provided vocational undergraduate and graduate education for generations of African Americans Now the state's flagship historically black university it achieved this recognition after decades of struggling against poverty inadequate infrastructure and funding and social and cultural isolation In South Carolina State University A Black Land Grant College in Jim Crow America William C Hine examines South Carolina State's complicated start its slow and long overdue transition to a degree granting university and its significant role in advancing civil rights in the state and country A product of the state's separate but equal legislation South Carolina State University was a hallmark of Jim Crow South Carolina Black and white students were indeed provided separate colleges but the institutions were in no way equal When established South Carolina State emphasized vocational and agricultural subjects as well as teacher training for black

students while the University of South Carolina offered white students a broad range of higher level academic and professional course work leading to a bachelor s degree Through the middle decades of the twentieth century South Carolina State was an incubator for much of the civil rights activity in the state The tragic Orangeburg massacre on February 8 1968 occurred on its campus and resulted in the deaths of three students and the wounding of twenty eight others Using the university as a lens Hine examines the state s history of race relations poverty and progress and the politics of higher education for whites and blacks from the Reconstruction era into the twenty first century Hine s work showcases what the institution has achieved as well as what was required for the school to achieve the parity it was once promised This fascinating account is replete with revealing anecdotes more than sixty photographs and illustrations and a cast of famous figures including Benjamin R Tillman Coleman Blease Benjamin E Mays Marian Birnie Wilkinson Mary McLeod Bethune Modjeska Simkins Strom Thurmond Essie Mae Washington Williams James F Byrnes John Foster Dulles James E Clyburn and Willie Jeffries

A History of College Football in South Carolina Fritz P. Hamer, John Daye, 2009-11-09 The Medicos the Purple Hurricane the Seceders all South Carolina football mascots that long ago drifted into history From as early as 1889 college football began to take hold of South Carolina The fans of the state s first intercollegiate game could hardly have foreseen how it would steadily grow from a competition between amateurs into tightly organized teams with well paid coaches and demanding alumni all with a passionate desire to win This volume goes beyond Clemson and Carolina to trace the history of college teams from all over the state including Wofford Furman SC State Presbyterian College Erskine Claflin The Citadel MUSC the College of Charleston Newberry College Benedict College and Allen University Join museum curator Fritz Hamer and longtime South Carolina high school football coach John Daye as they celebrate the state s most notable coaches players and rivalries as well as the many unsung heroes who have helped to make the sport a statewide obsession
