A Field Guide to Cross-Cultural Research on Childhood Learning Sheina Lew-Levy, Stephen Asatsa, 2025-05-09

This volume addresses the critical gaps in developmental research on childhood learning by advocating for a more inclusive and cross cultural approach

Recent studies highlight a concerning over reliance on data from post industrialized western countries raising questions about the broader applicability of findings

This book seeks to provide a comprehensive solution bridging the gap between theory and practice

It offers a unique guide for researchers by combining interdisciplinary perspectives from anthropology psychology education and beyond

With over 60 contributors from 21 countries the book weaves together diverse cultural insights challenging the narrow scope of traditional research

Each chapter features multiple perspectives creating a coherent and thoughtful discussion of essential topics such as cultural learning childhood and the historical and social forces shaping development

A Field Guide to Cross Cultural Research on Childhood Learning goes beyond theoretical discussions by offering practical advice on fieldwork ethics and engaging policymakers

By centering marginalized voices and emphasizing community agency it strives to democratize developmental

research The format is innovative merging the breadth of encyclopedic entries with the depth of cohesive chapters Moreover personal reflections and photographs embedded in the book will give readers a window into the experiences of those involved in cross cultural research on children This accessible academically rigorous volume is a must read for scholars seeking to advance inclusive and sustainable research on childhood learning and anybody interested in child development in a worldwide perspective
