De Rothschilds Geschiedenis Van Een Bankiersgeslacht:

De Rothschilds, 1974 *Reminiscences* Lady Constance De Rothschild Battersea, 1922 Autobiografie van een telg uit de Britse tak van het bankiersgeslacht De Rothschild **The Rothschilds** Frederic Morton, 1962 A portrait over the past 150 years of the wealthy powerful European banking dynasty the Rothschilds their family solidarity their genius with money their rise in society *Edmund de Rothschild* Edmund de Rothschild, 1998 **Rothschild** Derek Wilson, 1988 Historien om sl gten Rothschild siden 1500 tallet om den diplomatiske rolle familien har spillet i udenrigspolitikken dens indflydelse p verdens pengemarkeder samt om de personligheder familien har fostret *The Rothschilds* Virginia Cowles, 1973 A comprehensive history of three generations of the Rothschilds and their influence across two generations of European history *Baron James* Anka Muhlstein, 1982 **The House of Rothschild in Spain, 1812-1941** Miguel Angel López Morell, 2013 *The House of Rothschild in Spain, 1812-1941* Miguel A. Lopez-Morell, 2016-03-09 Amongst the serried ranks of capitalists who drove European industrialisation in the nineteenth century the Rothschilds were amongst the most dynamic and the most successful Establishing businesses in Germany Britain France Austria and Italy the family soon became leading financiers bankrolling a host of private and government businesses ventures In so doing they played a major role in fuelling economic and industrial development across Europe providing capital for major projects particularly in the mining and railway sectors Nowhere was this more apparent than in Spain where for more than a century the House of Rothschild was one of the primary motors of Spanish economic development Yet despite the undoubted importance of the Rothschild s role questions still remain regarding the actual impact of these financial activities and the effect they had on financial sectors companies and Spanish markets It is to such questions that this book turns its attention utilising a host of archive sources in Britain France and Spain to fully analyse the investments and financial activities carried out by the Rothschild House in Spain during the nineteenth and early twentieth centuries In so doing the book tackles a variety of interrelated issues Firstly fixing the period when the main capital entries sprung from the initiatives taken by the Rothschild family how consequential they really were and the sectors they affected Secondly quantifying the importance of these investments and financial activities and the weight they had on financial sectors companies and Spanish markets as well as in foreign investment in each period Thirdly outlining the steps followed and means used by the Rothschild House in order to achieve the success in each of their businesses Finally analysing the consequences of this phenomenon in the actual growth of Spanish contemporary economy both in a general and in a partial scale By exploring these crucial questions not only do we learn much more about the working of one of the leading financial institutions and the development of the Spanish economy but a greater understanding of the broader impact of international finance and the flow of capital in the nineteenth century is achieved *The French Rothschilds* Herbert R. Lottman, 1995 Throughout the 19th century the Rothschilds were the most important source of funds in Europe for governments in war and peace This award winning biographer s penetrating portrait

looks at the most glamorous branch of the international family the one that came to prominence under Napoleon in France and that has ever since been locked in a turbulent relationship with that country
