De Tyrannie Verdrijven:

The Shame and the Sorrow Donna Merwick, 2013-03-01 The Dutch through the directors of the West India Company purchased Manhattan Island in 1625 They had come to the New World as traders not expecting to assume responsibility as the sovereign possessor of a conquered New Netherland They did not intend to make war on the native peoples around Manhattan Island but they did they did not intend to help destroy native cultures but they did they intended to be overseas the tolerant pluralistic and antimilitaristic people they thought themselves to be and in so many respects were at home but they were not For the Dutch intruders establishing a settled presence away from the homeland meant the destabilization of the adventurers values and self regard They found that the initially peaceful encounters with the indigenous people soon took on the alarming overtones of an insurgency as the influx of the Dutch led to a complete upheaval and eventual disintegration of the social and political worlds of the natives How are the Dutch to be judged Donna Merwick in *The Shame and the Sorrow* asks this question She points to a betrayal both of their own values and of the native peoples She also directs us to the self delusion of hegemonic control Her work belongs alongside the best of today's postcolonial studies in the description of cross cultural violence and subtle questioning of the nature of writing its history The Rescue Turn and the Politics of Holocaust Memory Natalia Aleksyuk, Zofia Wóycicka, Raphael Utz, 2024-03-05 While many of the essays focus on recent developments they shed light on the evolution of this phenomenon since 1945 *Coping with Versnel: A Roundtable on Religion and Magic*, 2023-05-25 Henk Versnel's work on ancient religion has been seminal For his 80th birthday a group of scholars assembled to celebrate and analyze his oeuvre What have been his most important insights What will he bequeath to the 21st century Specialists hold up to the light the main strands of Versnel's scholarship and he reacts to their praise and critique An introduction that seeks to contextualize this oeuvre and a bibliography of Versnel's publications round out the picture of a scholar who has put his stamp on the study of ancient religions and magical practices and who has promoted the field in many ways especially as the driving force behind Brill's flagship series *Religion in the Graeco Roman World* of which this fittingly is the 200th volume **Courts and Elites in the Hellenistic Empires** Strootman Rolf Strootman, 2020-07-13 Rolf Strootman brings together various aspects of court culture in the Macedonian empires of the post Achaemenid Near East During the Hellenistic Period c 330-30 BCE Alexander the Great and his successors reshaped their Persian and Greco Macedonian legacies to create a new kind of rulership that was neither western nor eastern and would profoundly influence the later development of court culture and monarchy in both the Roman West and Iranian East Drawing on the socio political models of Norbert Elias and Charles Tilly After the Achaemenids shows how the Hellenistic dynastic courts were instrumental in the integration of local elites in the empires and the re distribution of power wealth and status It analyses the competition among courtiers for royal favour and the not always successful attempts of the Hellenistic rulers to use these struggles to their own advantage It demonstrates the interrelationships of the three competing Hellenistic empires of the

Seleukids Antigonids and Ptolemies casts new light on the phenomenon of Hellenistic Kingship by approaching it from the angle of the court and covers topics such as palace architecture royal women court ceremonial and coronation ritual The Holocaust, Israel and 'the Jew' Evelien Gans, Remco Ensels, 2025-10-01 This book is the first comprehensive study of postwar antisemitism in the Netherlands It focuses on the way stereotypes are passed on from one decade to the next as reflected in public debates the mass media protests and commemorations and everyday interactions The Holocaust Israel and the Jew explores the ways in which old stories and phrases relating to the stereotypical Jew are recycled and modified for new uses linking the antisemitism of the early postwar years to its enduring manifestations in today's world The Dutch case is interesting because of the apparent contrast between the Netherlands famous tradition of tolerance and the large numbers of Jews who were deported and murdered in the Second World War The book sheds light on the dark side of this so called Dutch paradox in manifestations of aversion and guilt after 1945 In this context the abusive taunt They forgot to gas you can be seen as the first radical expression of postwar antisemitism as well as an indication of how the Holocaust came to be turned against the Jews The identification of the Jew with the gas chamber spread from the streets to football stadiums and from verbal abuse to pamphlet and protest The slogan Hamas Hamas all the Jews to the gas indicates that Israel became a second marker of postwar antisemitism The chapters cover themes including soccer related antisemitism Jewish responses philosemitism antisemitism in Dutch Moroccan and Dutch Turkish communities contentious acts of remembrance the neo Nazi tradition and the legacy of Theo van Gogh The book concludes with a lengthy epilogue on the Jew in the politics of the radical right the attacks in Paris in 2015 and the refugee crisis The stereotype of the Jew appears to be transferable to other minorities
