Celebrating The Seasons Of Life Samhain To Ostara:

Celebrating the Seasons of Life: Samhain to Ostara Ashleen O'Gaea, 2009-04-21 Unique among books about the Wiccan Sabbats Celebrating the Seasons of Life Samhain to Ostara takes a different approach to explaining the holidays by taking an in depth look at half of the Wheel of the Year Rather than dissecting each holiday Ashleen s goal is to take a broader look at them explaining how and why we celebrate each along with how the celebration of one leads to the next The first of two new titles from Ashleen offers a vision of the holidays we celebrate from October to March This book covers each holiday by first giving us its history and original customs then explaining its place in modern life Stories are shared for each Sabbat to reconnect us with our lore and bring new meaning to current practice Ashleen includes ideas for rituals that are ideal for practicing solitaires covens or Wiccan families with special sections on what children of various ages are ready to learn about these holidays

Celebrating the Seasons of Life Ashleen O'Gaea, 2004 *Queers in American Popular Culture* Jim Elledge, 2010-10-06 This three volume collection of essays reveals the widespread existence of queer men and women in American popular culture and showcases their important yet little known role in shaping our society over the last 120 years The virtually unknown existence of gay bisexual and queer men and women in American popular culture from the late 1800s through the present day is a fascinating topic for many readers regardless of their own orientation Whether it s the father of bodybuilding famous closeted entertainers or sports stars or the leading characters in current television shows and films queer men and women have changed the face of American popular culture and society for over a century Ironically most of the fascinating information anecdotes and revealing facts about well known figures in American culture are virtually unknown to the typical U S citizen Elledge s *Queers in American Popular Culture* covers a wide variety of historical and current topics that documents how the queer community has been and continues to be one of the most significant shapers of American popular culture Currently no other book covers queer topics in American popular culture as broadly as this text

The Afterlife Survey Maureen Milliken, 2011-11-18 Is there life after death It depends on who you ask It happens to all of us yet what happens when we die Are we reincarnated Do we go to heaven Is death the end of everything Or do our souls pass on to another life Do we even have souls These are the questions humans have wrestled with since the dawn of mankind We ve heard answers from philosophers and theologians Now for the first time collected in a single volume people from every faith and calling share their thoughts on this most fundamental problem Ordinary folk from all walks of life offer their ideas about what happens after our life has run its course Sooner or later everyone makes that final journey Now readers can find inspiration from a wide range of enlightening opinions as they form their own thoughts about the afterlife
