Celestial Geometry Understanding The Astronomical Meanings Of Ancient Sites:

Celestial Geometry Ken Taylor, 2012 This book travels the world to explore over 60 archaeological sites that enshrine the remarkable achievements of ancient astronomers In many cultures an early understanding of the cosmos is expressed through architecture stone circles that act as giant computers for the timing of solstices apertures that offer sightlines to key events such as a lunar standstill or planetary rising as well as a host of allusions to sky gods and goddesses in carvings and wall paintings The author s focus ranges broadly from the great standing stones of Europe Stonehenge Ring of Brodgar Carnac to the pyramids of Egypt and the pyramidtemples of Central America from the medicine wheels of North America to the carved monoliths of Easter Island In part however the book s value lies in its revelation of astronomical alignments in lesser known structures such as the vast sun clock of Goseck in Germany the mysterious standing stones of the Basque Country and the ancient rock art of Australia The book is organised by key celestial events such as solstices and equinoxes and features original artwork showing key alignments and the movements of the planets and stars This is a beautiful and fascinating insight into the mysteries of the ancient world and a convincing vision of mankind s efforts to integrate our sense of spiritual belonging with the mysteries of space and time [Inside the Cosmic Mind](#) Phoebe Wyss, 2014-07-29 Phoebe

Wyss an experienced astrologer here examines all aspects of astrology in the light of the emerging worldview known as archetypal cosmology She sets out by exploring the classical roots of astrology in sources of wisdom found in the ancient Egyptian mysteries She then follows the tradition to modern times through C G Jung s ideas on the nature of the psyche She also discovers that the claims of astrology are entirely compatible with new cosmological thinking as envisioned by post modern physics and chaos theory In the second part of the book she proposes that the mathematical basis of astrology and the components of astrological charts are both archetypal and cosmic in scope She argues that the twelve astrological archetypes make up a single cosmic mind whose patterns are imprinted on all our individual minds Finally she exemplifies this radical approach to astrology through an interpretation of the chart of William Blake *World of Patterns* Rens

Bod, 2022-05-10 Though fields such as art history the history of philosophy and intellectual history have been around for a long time the author s interest is in the history of what scholars in all of these fields are doing in common This book looks beyond the humanities to the practice of disciplined inquiry more generally bringing together the history of the humanities and the sciences under the guise of a unified search for patterns **Eye Floaters in the Art and Religion of Indigenous**

Cultures Floco Tausin, 2022-05-01 We all have them most of us see them but only a few people pay attention to them the scattered transparent and mobile dots and strands in our field of vision In ophthalmology they are called eye floaters and explained as vitreous opacities But is this explanation correct In this book the author Floco Tausin follows the seers experience that eye floaters are not a cloudiness of the vitreous humour but a shining structure and an expression of our state of consciousness In this collection of previously published and revised texts the author explores the shining structure of

consciousness in the arts and religion of indigenous cultures Topics include the geometric art in Stone Age Europe the shamanic beliefs and art of traditional societies in Central Asia and South America as well as the rock art crafts architecture and myths of Native Americans of the USA and Canada *Old Oswestry Hillfort and its Landscape: Ancient Past, Uncertain Future* Tim Malim, George Nash, 2020-06-25 This book organised into 14 well crafted chapters charts the archaeology folklore heritage and landscape development of one of England s most enigmatic monuments Old Oswestry Hillfort from the Iron Age through its inclusion as part of an early medieval boundary between England and Wales to its role during World War I

Black Jack S.K. Bain, 2019-06-21 It s been a long time coming and it s right around the corner As author S K Bain detailed in *The Most Dangerous Book in the World* 9 11 as Mass Ritual the events of September 11th 2001 constituted a global occult ceremony But that was mere child s play compared to what he s uncovered since If 9 11 was a MegaRitual this is a GigaRitual or TeraRitual even Its scope and scale are truly difficult to grasp If you thought that 2012 was the end of Galactic Alignment think again However this book doesn t propose some new date for the made up Mayan Doomsday far from it We are on the cusp of a once in a 26 000 year event one that in astrological terms knows no equal Do not think for one moment that the masters of our world will let it pass unmarked Black Jack reveals the true date of the End of the Great Age the Mother of All Auspicious Occasions a date that the Cryptocracy has been fixated on and feverishly preparing for over the past two centuries and well before It will almost assuredly bring a ritualistic celebration like none other ever witnessed involving mass human sacrifice and the biggest fireworks show in history The world approaches the dawning of a new Grand Cycle which the elite will inaugurate as the New Great Age of Satan As we draw near ask yourself this question if you were among the ranks of these precious few ultra powerful would you spare any expense or effort to properly commemorate this unique occasion or to fittingly dedicate it to your Dark Lord Of course you wouldn t And as a member of the Cryptocracy you would be so bold and fearless as to announce your intentions to the entire world far in advance You would provide all the useless eaters with the obligatory fair warning mockingly giving notice in plain sight in the most powerful city in the world You would encode The End of the Old World Order in the streets of Washington D C which as is revealed in these pages is nothing less than a Gigantic Black Magickal Spellcasting Machine Furthermore you would embed the date of demise in the modern calendar as plain as day for those with eyes to see You would orchestrate a string of foreshadowing preparatory lesser false flag attacks mass rituals in the decades leading up to the grand occasion rituals involving for instance consecrated sacrificial vessels such as as was the case on 9 11 commercial airliners filled with dozens of innocent victims Your elite family is among those who have instigated world wars and induced global famines You think nothing of the use of false flag terrorism to achieve your goals and objectives even nuclear false flag terrorism One doesn t have to be a religious fundamentalist to sense it or see it all around us the Satanification of the World Practically every public event is now a thinly veiled if at all Satanic ritual We are being driven hard towards something in the near future something whose hideous form becomes clearer by the

day All the while the grip of the global dark occult technofascist dictatorship grows ever tighter Preparations have been underway for a very long time even from the Founding of America and the hour grows late With bated breath the entire planet knowingly or unknowingly awaits the arrival of Black Jack **Solar Energy** David E. Newton,2015-10-26 This book provides an outstanding single volume resource on the topic of solar energy for young adults and general audiences While how much longer the world s supply of fossil fuels will last is debatable it is a fact that the fossil fuels that we depend on so heavily today are non renewable resources that will inevitably be exhausted making the need to shift to alternative sources of energy such as solar extremely important Solar Energy A Reference Handbook presents encyclopedic coverage of the social political economic and environmental issues associated with the development and use of solar energy in the United States and around the world This book provides an in depth description of the ways solar power has been used for at least 2 000 years It outlines how humankind has utilized various forms of energy from the sun by way of photovoltaic cells concentrating or focusing solar power active and passive solar heating and other mechanisms and provides perspectives on today s solar energy issues from a variety of subject experts Readers will better understand not only the advantages and disadvantages of solar power but also the critical nature of energy production to sustaining life on earth thereby underscoring the importance of developing solar power and other alternative sources of energy to meet the world s energy needs in coming decades The book also includes profiles of key individuals and organizations related to the field of solar energy a chronology of important events in the history of solar energy and a glossary that defines the key terms used in discussing the topic of solar energy

Full Potential: Daoist Wisdom Meets Western Psychology Livia Kohn,2019 Blending modern psychology and Daoist wisdom into a recipe for the fully actualized child this book shows how human beings form an integral part of nature and the greater universe Partaking in Dao to the fullest they can experience a sense of well being inner harmony and overarching excellence Ancient Chinese texts describe this realization of our full potential in terms of free and easy wandering or skillful spontaneity Western psychologists similarly speak of personal fulfillment in work and play Most important among them are Mihalyi Csikszentmihalyi with his concept of flow Martin Seligman with his studies of authentic happiness and Howard Gardner with his system of multiple intelligences Activated differently in the brain subject to both genes and training these psychological dimensions become apparent in different stages of childhood development and are enhanced by optimal learning conditions manifold forms of play and conscientious parenting leading to the realization of full potential and attainment of Daoist harmony This book offers a unique presentation none other pulls the same level of information together let alone present it in such a vibrant and engaging way **Mouches volantes in der Kunst und Religion indigener**

Kulturen Floco Tausin,2022-05 Alle haben sie fast alle sehen sie und nur wenige schauen hin die vereinzelt transparenten und beweglichen Punkte und F den im Blickfeld In der Augenheilkunde werden sie Mouches volantes genannt und als Glaskörpertrübung verstanden Doch stimmt diese Erklärung Der Autor Floco Tausin folgt in diesem Buch der seherischen Erfahrung

dass Mouches volantes keine Glaskörperung sondern eine leuchtende Struktur und ein Ausdruck unseres Bewusstseinszustandes sind Diese Leuchtstruktur so die Annahme wurde zu allen Zeiten und in allen Kulturen von Menschen gesehen die Techniken der Bewusstseinsveränderung eingesetzt haben In dieser Sammlung von früher veröffentlichten und bearbeiteten Texten spricht der Autor der Leuchtstruktur des Bewusstseins in der Kunst und Religion indigener Kulturen nach Behandelt werden die paläolithische geometrische Kunst die zentralasiatischen und südamerikanischen Schamanen die nordamerikanischen Indianer die europäische Megalithkultur sowie die Kelten

The Newark Earthworks Lindsay Jones, Richard D. Shiels, 2016-04-01 Considered a wonder of the ancient world the Newark Earthworks the gigantic geometrical mounds of earth built nearly two thousand years ago in the Ohio valley have been a focal point for archaeologists and surveyors researchers and scholars for almost two centuries In their prime one of the premier pilgrimage destinations in North America these monuments are believed to have been ceremonial centers used by ancestors of Native Americans called the Hopewell culture as social gathering places religious shrines pilgrimage sites and astronomical observatories Yet much of this territory has been destroyed by the city of Newark and the site currently hosts a private golf course making it largely inaccessible to the public The first book length volume devoted to the site The Newark Earthworks reveals the magnitude and the geometric precision of what remains of the earthworks and the site's undeniable importance to our history Including contributions from archaeologists historians cultural geographers and cartographers as well as scholars in religious studies legal studies indigenous studies and preservation studies the book follows an interdisciplinary approach to shine light on the Newark Earthworks and argues compellingly for its designation as a World Heritage Site
