James Lynch

Capital One Relationship Banker Salary:

The Chicago Banker, 1915 Psychology of Relationship Banking James Lynch, 1996-07-31 Jim Lynch's latest book focuses on one of the major threats to the banking industry: customer defection. The tradition of customers remaining loyal to their banks is fast disappearing. The economic and social threads which linked banker and client have become frayed and easily broken by recession and other forces of change. Customer relationships in all sectors are in need of repair, not just economically but psychologically. This book is a guide to bankers and others in financial services on how to forge, renew or strengthen banking relationships.

The Unusual Billionaires Saurabh Mukherjea, 2016-08-17 What makes a company truly outstanding? What is the secret sauce of delivering successful results over multiple decades? What is common to Asian Paints, HDFC Bank, Axis Bank, Marico, Berger Paints, Page Industries and Astral Poly? They are Unusual Companies built by Unusual Billionaires. This book tells the story of these seven companies handpicked out of 5000 listed on the stock exchange. Built by visionary business leaders, they have delivered outstanding results for a decade and more. How did these companies do it? Why couldn't this be replicated by other companies? What are they doing differently? Saurabh Mukherjea, bestselling author of *Gurus of Chaos*, delivers an exceptional book with lessons to learn from these seven businesses. Mukherjea tells you why focusing on the core business is central to corporate success and how a promoter giving up control to the top management could be a boon. He also explains how investors can generate market-beating investment returns from identifying companies such as these using a simple set of metrics. Packed with these learnings are riveting corporate stories of how Hindustan Unilever made an aggressive bid to buy Harsh Mariwala's business but had to sell a business to him in a few years, or how Page Industries found an innovative way to stop unionization at their manufacturing units. Other stories include the turnaround of Axis Bank and the boardroom coup that led to its chairman's exit and how Vijay Mallya sold Berger Paints to the Dhingra brothers. This book is mandatory reading for anyone who wants to understand how business is done successfully in India.
