Capitalism A Ghost Story Free:

Capitalism: A Horror Story Jon Greenaway, 2024-07-09 A horror story history of capitalism and its relationship to the haunted and the gothic and a manifesto of Gothic Marxism which finds revolutionary hope in the nightmare of modernity What does it mean to see horror in capitalism What can horror tell us about the state and nature of capitalism Blending film criticism cultural theory and philosophy Capitalism A Horror Story examines literature film and philosophy from Frankenstein to contemporary cinema delving into the socio political function of the monster the haunted nature of the digital world and the inescapable horror of contemporary capitalist politics Revitalizing the tradition of Romantic anticapitalism and offering a dark way of being red Capitalism A Horror Story argues for a Gothic Marxism showing how we can find revolutionary hope in horror a site of monstrous becoming that opens the door to a Utopian future Capitalism Arundhati Roy, 2014-05-06 With anger and compassion Roy exposes the sordid underbelly and dark inhumanity of capitalism in India and around the globe **No Such Thing as a Free Gift** Linsey McGoey, 2015-10-20 Philanthro capitalism How charity became big business The charitable sector is one of the fastest growing industries in the global economy Nearly half of the more than 85 000 private foundations in the United States have come into being since the year 2000 Just under 5 000 more were established in 2011 alone This deluge of philanthropy has helped create a world where billionaires wield more power over education policy global agriculture and global health than ever before In No Such Thing as a Free Gift author and academic Linsey McGoey puts this new golden age of philanthropy under the microscope paying particular attention to the Bill and Melinda Gates Foundation As large charitable organizations replace governments as the providers of social welfare their largesse becomes suspect The businesses fronting the money often create the very economic instability and inequality the foundations are purported to solve We are entering an age when the ideals of social justice are dependent on the strained rectitude and questionable generosity of the mega rich Racism and "Free Speech" Anshuman A. Mondal, 2025-01-23 Free speech has become central to discussions about racism and is increasingly weaponised against anti racist movements This book argues that the weaponization of free speech across the political spectrum particularly by the far right alt right has been central to the resurgence rehabilitation and normalisation of racism within the mainstream politics of western liberal democracies in the last decade The dilemma then for anti racist movements is how to respond to such a challenge for if free speech allows racism then it follows that the elimination of racism is not possible Anshuman A Mondal argues that liberalism has made it look as if there is something called free speech when in fact speech is enabled by the structures of power within which we are all embedded These structures determine who gets to say what and whose voices are heard They create and sustain racism and anti racism should look beyond the mythology of free speech and focus instead on creating expressive regimes that foster racial and social justice by reshaping social discourse and transforming racialized structures of power

An Anthropology of Marxism Cedric J. Robinson, 2019-01-18 An Anthropology of Marxism offers Cedric Robinson s

analysis of the history of communalism that has been claimed by Marx and Marxists Suggesting that the socialist ideal was embedded both in Western and non Western civilizations and cultures long before the opening of the modern era and did not begin with or depend on the existence of capitalism Robinson interrogates the social cultural institutional and historical materials that were the seedbeds for communal modes of living and reimagining society Ultimately it pushes back against Marx s vision of a better society as rooted in a Eurocentric society and cut off from its own precursors Accompanied by a new foreword by H L T Quan and a preface by Avery Gordon this invaluable text reimagines the communal ideal from a broader perspective that transcends modernity industrialization and capitalism *Send Lazarus* Matthew T. Eggemeier, Peter Joseph Fritz, 2020-05-05 Today s regnant global economic and cultural system neoliberal capitalism demands that life be led as a series of sacrifices to the market *Send Lazarus* s theological critique wends its way through four neoliberal crises environmental destruction slum proliferation mass incarceration and mass deportation all while plumbing the sacrificial and racist depths of neoliberalism **The Aesthetics of Necropolitics** , Natasha Lushetich, 2018-12-11 Every politics is an aesthetic If necropolitics is the accelerated politics of what is usually referred to as the apolitical age what are its manoeuvres temporalities intensities textures and tipping points Bypassing revelatory and reconstructionist approaches the tendency of which is to show that a particular site or practice is necropolitical by bringing its genealogy into evidence this collection of essays by artist philosophers and theorist curators articulates the pre perceptual working of necropolitics through a focus on the senses assignments of energy attitudes cognitive processes and discursive frameworks Drawing on different yet complementary methodologies visual performance affect and network analysis historiography and ethnography the contributors analyse cultural fetishes taboos sensorial and relational processes anchored in everyday practices or cued by specific artworks By mapping the necropolitics affective cartography they expand the concept beyond its teleological anthropocentric and reductive horizon of making and letting die to include posthuman and posthumous actants effectively arguing for the necropolitics transformatory political potential **Chasing Innovation** Lilly Irani, 2019-03-12 A vivid look at how India has developed the idea of entrepreneurial citizens as leaders mobilizing society and how people try to live that promise Can entrepreneurs develop a nation serve the poor and pursue creative freedom all while generating economic value In *Chasing Innovation* Lilly Irani shows the contradictions that arise as designers engineers and businesspeople frame development and governance as opportunities to innovate Irani documents the rise of entrepreneurial citizenship in India over the past seventy years demonstrating how a global ethos of development through design has come to shape state policy economic investment and the middle class in one of the world s fastest growing nations Drawing on her own professional experience as a Silicon Valley designer and nearly a decade of fieldwork following a Delhi design studio Irani vividly chronicles the practices and mindsets that hold up professional design as the answer to the challenges of a country of more than one billion people most of whom are poor While discussions of entrepreneurial citizenship promise that Indian children

can grow up to lead a nation aspiring to uplift the poor in reality social economic and political structures constrain whose enterprise which hopes and which needs can be seen as worthy of investment In the process Irani warns powerful investors philanthropies and companies exploit citizens social relations empathy and political hope in the quest to generate economic value Irani argues that the move to recast social change as innovation with innovators as heroes frames others craftspeople workers and activists as of lower value or even dangers to entrepreneurial forms of development With meticulous historical context and compelling stories Chasing Innovation lays bare how long standing power hierarchies such as class caste language and colonialism continue to shape opportunity in a world where good ideas supposedly rule all **Archive of**
