the question of how mobility affects nationalities and group identities alike Rabin gives this framework an interesting twist by investigating mobility's influence on religion American Jewish Archives Journal

Jewish Cultural Studies Simon J. Bronner, 2021-05-04 Defines the distinctive field of Jewish cultural studies and its basis in folkloristic psychological and ethnological approaches Jewish Cultural Studies charts the contours and boundaries of Jewish cultural studies and the issues of Jewish culture that make it so intriguing and necessary not only for Jews but also for students of identity ethnicity and diversity generally In addition to framing the distinguishing features of Jewish culture and the ways it has been studied and often misrepresented and maligned Simon J Bronner presents several case studies using ethnography folkloristic interpretation and rhetorical analysis Bronner building on many years of global cultural exploration locates patterns processes frames and themes of events and actions identified as Jewish to discern what makes them appear Jewish and why Jewish Cultural Studies is divided into three parts Part 1 deals with the conceptualization of how Jews in complex heterogeneous societies identify themselves as a cultural group to non Jews and vice versa such as how the Jewish home is socially and materially constructed Part 2 delves into ritualization as a strategic Jewish practice for perpetuating peoplehood and the values that it suggests for example the rising popularity of naming ceremonies for newborn girls simhat bat or zeved habat in the twenty first century Part 3 explores narration including the global transformation of Jewish joking in online settings and the role of Jews in American political culture Bronner reflects that a reason to separate Jewish cultural studies from the fields of Jewish studies and cultural studies is the distinctiveness of Jewish culture among other ethnic experiences As a diasporic group with religious ties and varying local customs Jews present difficulties of categorization He encourages a multiperspectival approach that considers the Jewish double consciousness as being aware of both insider and outsider perspectives participation in ancient tradition and recent modernization and the great variety and stigmatization of Jewish experience and cultural expression Students and scholars in Jewish studies cultural studies ethnic religious studies folklore sociology psychology and ethnology are the intended audience for this book

Down Home Leonard Rogoff, 2010-04-15 A sweeping chronicle of Jewish life in the Tar Heel State from colonial times to the present this beautifully illustrated volume incorporates oral histories original historical documents and profiles of fascinating individuals The first comprehensive social history of its kind Down Home demonstrates that the story of North Carolina Jews is attuned to the national story of immigrant acculturation but has a southern twist Keeping in mind the larger southern American and Jewish contexts Leonard Rogoff considers how the North Carolina Jewish experience differs from that of Jews in other southern states He explores how Jews very often settled in North Carolina's small towns rather than in its large cities and he documents the reach and vitality of Jewish North Carolinians participation in building the New South and the Sunbelt Many North Carolina Jews were among those at the forefront of a changing South Rogoff argues and their experiences challenge stereotypes of a society that was agrarian and Protestant More than 125 historic and contemporary photographs complement Rogoff's engaging epic

providing a visual panorama of Jewish social cultural economic and religious life in North Carolina This volume is a treasure to share and to keep Published in association with the Jewish Heritage Foundation of North Carolina Down Home is part of a larger documentary project of the same name that will include a film and a traveling museum exhibition to be launched in June 2010
