Neri,2007 *Caravaggio* Sybille Ebert-Schifferer,2012-06-05 The young Michelangelo Merisi da Caravaggio 1571 1610 created a major stir in late sixteenth century Rome with the groundbreaking naturalism and highly charged emotionalism of his paintings One might think given the vast number of books that have been written about him that everything that could possibly be said about the artist has been said However the author of this book argues it is important to take a fresh look at the often repeated and widely accepted narratives about the artist s life and work Sybille Ebert Schifferer subjects the available sources to a critical reevaluation uncovering evidence that the efforts of Caravaggio s contemporaries to disparage his character and his artwork often sprang from their own cultural biases or a desire to promote the artistic achievements of his rivals Contrary to repeated claims in the literature the painter lacked neither education nor piety but was an extremely accomplished technician who developed a successful marketing strategy He enjoyed great respect and earned high fees from his prestigious clients while he also inspired a large circle of imitators Even his brushes with the law conformed to the behavioral norms of the aristocratic Romans he sought to emulate The beautiful reproductions of Caravaggio s paintings in this volume make clear why he captivated the imagination of his contemporaries a reaction that echoes today in the ongoing popularity of his work and the fierce debate that it continues to provoke among art historians *Caravaggio* Lilian H. Zirpolo,2023-04-05 Michelangelo Merisi da Caravaggio s life was turbulent and short He was only in his late thirties when he died and yet he managed to achieve tremendous artistic success A native of Caravaggio near Milan he was born in 1571 and moved to Rome after training with Simone Peterzano a pupil of Titian In the papal city his talent was recognized by the influential collector and art connoisseur Cardinal Francesco Maria del Monte who promoted his art Within a few years Caravaggio became one of the most sought after painters in Italy and abroad His style was so striking and unique that artists from all over adopted it as their own Caravaggio A Reference Guide to His Life and Works focuses on his life his works and legacy It features a chronology an introduction offers a brief account of his life a cross referenced dictionary section contains entries on his individual paintings public commissions his patrons his followers and the techniques he used in rendering his works **Rembrandt Is in the Wind** Russ Ramsey,2022-03-22 How do art and faith intersect How does art help us see our own lives more clearly What can we understand about God and humanity by looking at the lives of artists Striving for beauty art also reveals what is broken It presents us with the tremendous struggles and longings common to the human experience And it says a lot about our Creator too Great works of art can speak to the soul in a unique way Rembrandt Is in the Wind is an invitation to discover some of the world s most celebrated artists and works and how each of them illuminates something about God people and the purpose of life Part art history part biblical study part philosophy and part analysis of the human experience this book is nonetheless all story From Michelangelo to Vincent van Gogh to Edward Hopper the lives of the artists in this book illustrate the struggle of living in this world and point to the beauty of the redemption available to us in Christ Each story is different Some conclude with resounding triumph while others end in struggle But all of them raise

important questions about humanity's hunger and capacity for glory and all of them teach us to love and see beauty. The artists featured in these pages, artists who devoted their lives and work to what is good, true, and beautiful, remind us that we can and should do the same. Karen Swallow Prior, author of *On Reading Well*. *Caravaggio and the Creation of Modernity*

Troy Thomas, 2016-10-15. Now in paperback, an accessible and beautifully illustrated account of Caravaggio as a catalyst for modernity. Undeniably one of the greatest artists of all time, Michelangelo Merisi da Caravaggio would develop a radically new kind of psychologically expressive realistic art, and in the sixteenth and seventeenth centuries would lay the foundations for modern painting. His paintings defied tradition to such a degree that the meaning of his works has divided critics and viewers for centuries. In this original study, Troy Thomas examines Caravaggio's life and art in relationship to the profound beginnings of modernity, exploring the many conventions that Caravaggio utterly dismantled with his extraordinary genius. Thomas begins with an in-depth look at Caravaggio's early life and works and examines how he refined his realism, developed his obsession with darkness and light, and began to find the subtle and clever ambiguity of genre and meaning that would become his trademark. Focusing acutely on the inherent tensions, contradictions, and ambiguities within Caravaggio's paintings, Thomas goes on to examine his mature religious works and the ways he created a powerful but stark and enigmatic expressiveness in his protagonists. Lastly, he delves into the artist's final, hectic years as a fugitive killer evading papal police and wandering the cities of southern Italy. Richly illustrated in color throughout, *Caravaggio and the Creation of Modernity* will appeal to all of those fascinated by the history of art and the remarkable lives of Renaissance masters.
