Care Of The Dying Patient Care Of The Dying Patient:

Compassionate Person-Centered Care for the Dying Bonnie Freeman, 2015-02-23 This groundbreaking reference for palliative care nurses is the first to provide realistic and achievable evidence based methods for incorporating compassionate and humanistic care of the dying into current standards of practice It builds on the author's research based CARES Tool a reference that synthesizes five key elements demonstrated to enable a peaceful death as free from suffering as possible Comfort Airway Management Management of Restlessness and Delirium Emotional and Spiritual Support and Self Care for Nurses The book describes step by step how nurses can easily implement the basic tenets of the CARES Tool into their end of life practice It provides a clearly defined plan that can be individualized for each patient and tailored to specific family needs and facilitates caring for the dying in the most respectful and humane way possible *Care of the Dying Patient* David A. Fleming, John C. Hagan, 2010-04-15 Although the need for improved care for dying patients is widely recognized and frequently discussed few books address the needs of the physicians nurses social workers therapists hospice team members and pastoral counselors involved in care Care of the Dying Patient contains material not found in other sources offering advice and solutions to anyone professional caregiver or family member confronted with incurable illness and death Its authors have lectured and published extensively on care of the dying patient and here review a wide range of topics to show that relief of physical suffering is not the only concern in providing care This collection encompasses diverse aspects of end of life care across multiple disciplines offering a broad perspective on such central issues as control of pain and other symptoms spirituality the needs of caregivers and special concerns regarding the elderly In its pages readers will find out how to effectively utilize palliative care services and activate timely referral to hospice arrange for care that takes into account patients cultural beliefs and respond to spiritual and psychological distress including the loss of hope that often overshadows physical suffering The authors especially emphasize palliative care and hospice since some physicians fear that such referrals may be viewed by patients and families as abandonment They also address ethical and legal risks in pain management and warn that fear of overprescribing pain medication may inadvertently lead to ineffective pain relief and even place the treating team at risk of liability for undertreatment of pain While physicians have the ability to treat disease they also help to determine the time and place of death and they must recognize that end of life choices are made more complex than ever before by advances in medicine and at the same time increasingly important Care of the Dying Patient addresses some of the challenges frequently confronted in terminal care and points the way toward a more compassionate way of death

Nursing Care at the End of Life Joyce V Zerwekh, 2005-12-28 Nursing Care at the End of Life Palliative Care for Patients and Families explores the deep issues of caring for the dying and suffering The book is based on the Hospice Family Caregiving Model previously published by the author and focuses on the practice implications of care for the dying The book is written in a clear and user friendly style and is ideal for undergraduate nursing students learning about dying suffering and caring for individuals and their families

Care of the Dying John Ellershaw, Susie Wilkinson, 2011 This title provides professionals who care for the dying with a user friendly guide on how to render the best possible treatment

Compassionate Person-centered Care for the Dying, 2015

The Dying Process Julia Lawton, 2002-01-04 Taking as its focus a highly emotive area of study The Dying Process draws on the experiences of daycare and hospice patients to provide a forceful new analysis of the period of decline prior to death Placing the bodily realities of dying very firmly centre stage and questioning the ideology central to the modern hospice movement of enabling patients to live until they die Julia Lawton shows how our concept of a good death is open to interpretation Her study examines the non negotiable effects of a patient s bodily deterioration on their sense of self and in so doing offers a powerful new perspective in embodiment and emotion in death and dying A detailed and subtle ethnographic study The Dying Process engages with a range of deeply complex and ethically contentious issues surrounding the care of dying patients in hospices and elsewhere

Caring for the Dying Patient and the Family Janet Moscrop, Joy Robbins, 2013-11-11 This third edition of a popular textbook has been completely revised by the joint editors Janet Moscrop and Joy Robbins As in previous editions the focus is on the person dying at home in residential care or in hospital and the emphasis is on teamwork in caring for the individual

and their relatives and friends Experts in all aspects of care have contributed to this complete revision of the previous text and each chapter is written by a different member of the multiprofessional team The chapter on the terminal care of people suffering from AIDS has been enlarged and consideration is also given to care of those in the terminal stages of other non malignant diseases Other new material includes chapters on complementary therapy the use of the day centre the value of volunteers diversional therapy and respite care The chapter on bereavement covers many aspects of grief and loss and there is a sensitive approach to the need for supporting staff in this specialized work Consideration is also given to the needs of dying and grieving people from differing ethnic backgrounds with varying cultural expectations in a pluralistic society The third edition offers a broad overview of the support given to the dying person and the carers by medical and nursing staff physiotherapists pharmacists social workers the chaplaincy and members of the pastoral care team Students of all these disciplines should find this book both readable and informative
