Counting Sheep A Celebration Of The Pastoral Heritage Of Britain:

Counting Sheep Philip Walling, 2014-04-03 Sheep are the thread that runs through the history of the English countryside Our fortunes were once founded on sheep and this book tells a story of wool and money and history of merchants and farmers and shepherds of English yeomen and how they got their freedom and above all of the soil Sheep have helped define our culture and topography impacting on everything from accent and idiom architecture roads and waterways to social progression and wealth With his eye for the idiosyncratic Philip meets the native breeds that thrive in this country he tells stories about each breed meets their shepherds and owners learns about their past and confronts the present realities of sheep farming Along the way Philip meets the people of the countryside and their many professions the mole catchers the stick makers the tobacco twisters and clog wrights He explores this artisan heritage as he re discovers the countryside and finds a lifestyle parallel to modern existence struggling to remain unchanged and at its heart always sheep **Beastly**

Britain Karen R. Jones, 2025-05-13 The remarkable history of Britain and its animals told through ten iconic species Have you ever wondered why we count sheep to get to sleep Or where the phrase red herring comes from Across British history animals have been written about in poetry painted in oils and even recorded in law Loved or feared familiar or endangered animals are everywhere to be seen In this enchanting beautifully illustrated study Karen R Jones takes a journey through the history of ten animals to show the extraordinary story of beastly Britain Jones looks at animals including foxes and hedgehogs newts and beetles ghostly hounds and even the Loch Ness Monster She reveals the place of animals in British cultural identity and sheds new light on the most iconic moments of British history from the Black Death to World War II The story of these isles may be told by human voices but it is fully brought to life by listening to the squawks bellows and howls that make Britain what it is Man Eating Plants Jonathan Spitz, 2023-02-07 Over the past two million years humans evolved from an

obscure herbivorous species living in the tropical forests of equatorial Africa to become the world s most populous carnivorous apex predator species In the 21st century this fateful change in the human diet from plant to animal sourced foods is the leading cause of chronic degenerative disease runaway climate change and mass species extinction Man Eating Plants How a Vegan Diet Can Save the World weaves together published works by the world s leading scientists and historians to narrate how we arrived at these three interrelated crises and how we can save the world by transitioning back to our natural plant based diet *The Palgrave Handbook of Animals and Literature* Susan McHugh, Robert McKay, John

Miller, 2020-11-25 This volume is the first comprehensive guide to current research on animals animality and human animal relations in literature To reflect the history of literary animal studies to date its primary focus is literary prose and poetry in English while also accommodating emergent discussions of the full range of media and contexts with which literary studies engages especially film and critical theory User friendly language references even suggestions for further readings are included to help newcomers to the field understand how it has taken shape primarily through recent decades To further aid

teachers sections are organized by conventions of periodization and chapters address a range of canonical and popular texts Bookended by sections devoted to the field's conceptual foundations and new directions the volume is designed to set an agenda for literary animal studies for decades to come *The Lost Supper* Taras Grescoe, 2023-09-19 A New Scientist Globe and Mail and Eater Best Book of 2023 In the tradition of Michael Pollan Anthony Bourdain and Mark Bittman a surprising flavorsome tour of ancient cuisines Kirkus STARRED from Neolithic bread to ancient Roman fish sauce and why reviving the foods of the past is the key to saving the future A fascinating look at the people who are keeping these ancient food traditions alive against the odds while offering a rough roadmap toward a more sustainable food ecosystem Eater Many of us are worried or at least we should be about the impacts of globalization pollution and biotechnology on our diets Whether it's monoculture crops hormone fed beef or high fructose corn syrup industrially produced foods have troubling consequences for us and the planet But as culinary diversity diminishes many people are looking to a surprising place to safeguard the future into the past The Lost Supper explores an idea that is quickly spreading among restaurateurs food producers scientists and gastronomes around the world that the key to healthy and sustainable eating lies not in looking forward but in looking back to the foods that have sustained us through our half million year existence as a species Acclaimed author Taras Grescoe introduces readers to the surprising and forgotten flavors whose revival is captivating food lovers around the world ancient sourdough bread last baked by Egyptian pharaohs raw milk farmhouse cheese from critically endangered British dairy cattle ham from Spanish pata negra pigs that have been foraging on acorns on a secluded island since before the United States was a nation and olive oil from wild olive trees uniquely capable of resisting quickly evolving pests and modern pathogens From Ancient Roman fish sauce to Aztec caviar to the long thought extinct silphium The Lost Supper is a deep dive into the latest frontier of global gastronomy the archaeology of taste Through vivid writing history and first hand culinary experience Grescoe sets out a provocative case in order to save these foods he argues we've got to eat them Published in partnership with the David Suzuki Institute *Fabric* Victoria Finlay, 2022-06-07 A magnificent work of original research that unravels history through textiles and cloth how we make it use it and what it means to us How is a handmade fabric helping save an ancient forest Why is a famous fabric pattern from India best known by the name of a Scottish town How is a Chinese dragon robe a diagram of the whole universe What is the difference between how the Greek Fates and the Viking Norns used threads to tell our destiny In Fabric bestselling author Victoria Finlay spins us round the globe weaving stories of our relationship with cloth and asking how and why people through the ages have made it worn it invented it and made symbols out of it And sometimes why they have fought for it She beats the inner bark of trees into cloth in Papua New Guinea fails to handspin cotton in Guatemala visits tweed weavers at their homes in Harris and has lessons in patchwork making in Gee's Bend Alabama where in the 1930s deprived of almost everything they owned a community of women turned quilting into an art form She began her research just after the deaths of both her parents and entwined in the threads she found her personal

A Date with the Two Cerne Giants Michael J. Allen,2024-10-15 The date of the Cerne Giant has long been a matter for debate as exemplified by a public and televised debate of March 1996 published as The Cerne Giant An Antiquity on Trial 1999 Oxbow Books Excavations were conducted in 2020 by the National Trust in the centenary year of its ownership of the Giant The excavations were limited and targeted in extent and scope the aim was to date the actual construction of the iconic figure by absolute dating methods OSL As the 1999 publication explained the jury was still out with advocates for a prehistoric origin one connected to the period of the Civil War or a more modern one In the event the dates were a complete surprise falling within the Anglo Saxon period The research has provided an accurate scientifically verified date for the Cerne Giant These unexpected results together with the land use history and ominous disappearance of the Giant for six centuries provide the platform for reconsideration and new discussion and debate Part 1 deals with new research the historical background and aims the excavation results stratigraphic finds geoarchaeological interpretation land use history environmental land snails and discussion Part 2 is the wider discussion and implications derived from the results and places the Giant in his local and Saxon context Part 3 begins with summaries of the other two excavated hill figures the Long Man of Wilmington and the Uffington White Horse followed by a series of essays from leading archaeologists historians and experts in early medieval iconography

Trailblazing Georgians Mike Rendell,2020-03-20 Other books deal with the men under the spotlight of fame the lead singers of the Industrial Revolution What this book tries to do is to focus on the other boys in the band the less famous inventors artists engineers and industrialists who played their part in the enormous changes that occurred in the eighteenth century You will not find James Watt Josiah Wedgwood or Richard Arkwright they have hogged the limelight long enough Instead you will meet the men who made their mark and then faded into obscurity the man who came up with Sheffield Plate Boulsover and helped bring silver decorative ware into the reach of the general public the man who heralded the development of costume jewellery by using an alloy resembling gold Pinchbeck the men who used papier mache strong enough to make chairs and versatile enough to make lacquer ware as fine as anything found in China Baskerville and Clay It is a book about scientists and engineers operating in areas which were completely new Smeaton in civil engineering Maudslay in machine tool manufacture Repton in landscape gardening and Bakewell in the selective breeding of animals It is also about entertainers like Astley who introduced variety acts into circus performances the forerunner of modern mass entertainment It features J J Merlin a clockmaker who inspired the young Babbage to develop an interest in the field of computing These artists scientists inventors and industrialists all feature because by some quirk of fate they have never received the acclaim which they deserve
