Mountaineers Books

Camp Joy Manual 2013:

Shopping All the Way to the Woods Rachel S. Gross, 2024-03-26 A fascinating history of the profitable paradox of the American outdoor experience visiting nature first requires shopping No escape to nature is complete without a trip to an outdoor recreational store or a browse through online offerings This is the irony of the American outdoor experience visiting wild spaces supposedly untouched by capitalism first requires shopping With consumers spending billions of dollars on clothing and equipment each year as they seek out nature the American outdoor sector grew over the past 150 years from a small collection of outfitters to an industry contributing more than 2 percent of the nation's economic output Rachel S Gross argues that this success was predicated not just on creating functional equipment but also on selling an authentic anticommmercial outdoor identity In other words shopping for the woods was also about being or becoming the right kind of person Demonstrating that outdoor culture is commercial culture Gross examines Americans journey toward outdoor expertise by tracing the development of the nascent outdoor goods industry the influence of World War II on its growth and the boom years of outdoor businesses

Forging a Socio-Legal Approach to Environmental Harms Tiffany Bergin, Emanuela Orlando, 2017-06-14 Environmental harms exert a significant toll and pose substantial economic costs on societies around the world Although such harms have been studied from both legal and social science perspectives these disciplinary specific approaches are not on their own fully able to address the complexity of these environmental challenges Many legal approaches for example are limited by their inattention to the motivations behind environmental offences whereas many social science approaches are hindered by an insufficient grounding in current legislative frameworks This edited collection constitutes a pioneering attempt to overcome these limitations by uniting legal and social science perspectives Together the book's contributors forge an innovative socio legal approach to more effectively respond to and to prevent environmental harms around the world Integrating theoretical and empirical work the book presents carefully selected illustrations of how legal and social science scholarship can be brought together to improve policies The various chapters examine how a socio legal approach can ultimately lead to a more comprehensive understanding of environmental harms as well as to innovative and effective responses to such environmental offences

Massachusetts General Hospital Manual of Cardiovascular Critical Care Aranya Bagchi, David M. Dudzinski, Jonathan Ludmir, Ivana Nikolic, Kenneth T. Shelton, 2024-09-12 With its focus on the advanced topics and procedures employed in this specialized field Massachusetts General Hospital Manual of Cardiovascular Critical Care provides practical must know information to all practitioners caring for the increasing population of critical care patients with severely compromised cardiovascular function Drs Aranya Bagchi David M Dudzinski Jonathan Ludmir Ivana Nikolic and Kenneth T Shelton lead a multidisciplinary team of authors who expertly cover cardiology cardiac surgery anesthesia and mechanical circulatory support topics for all ICU clinicians who focus on cardiovascular care

Beyond Broadway Stacy Ellen Wolf, 2020 The idea of American musical

theatre conjures up images of bright lights and big city but its lifeblood is found in local and amateur productions at schools community theatres summer camps and more In *Beyond Broadway* author Stacy Wolf considers the widespread presence and persistence of musical theatre in U S culture and examines it as a live pleasurable participatory experience of creating watching and listening Why does local musical theatre flourish in America Why do so many Americans passionately engage in a century old artistic practice that requires intense person to person collaboration Why do audiences flock to see musicals in their hometowns How do corporations like Disney and Music Theatre International enable musical theatre s energetic movement through American culture Touring from Maine to California Wolf visits elementary schools a middle school performance festival afterschool programs high schools summer camps state park outdoor theatres community theatres and dinner theatres and conducts over 200 interviews with practitioners and spectators licensors and Disney creatives In *Beyond Broadway* Wolf tells the story of musical theatre s abundance and longevity in the U S as a thriving joyful activity that touches millions of lives

Manual of Simulation in Healthcare Richard H. Riley, 2015-10-29 Practising fundamental patient care skills and techniques is essential to the development of trainees wider competencies in all medical specialties After the success of simulation learning techniques used in other industries such as aviation this approach has been adopted into medical education This book assists novice and experienced teachers in each of these fields to develop a teaching framework that incorporates simulation The *Manual of Simulation in Healthcare* Second Edition is fully revised and updated New material includes a greater emphasis on patient safety interprofessional education and a more descriptive illustration of simulation in the areas of education acute care medicine and aviation Divided into three sections it ranges from the logistics of establishing a simulation and skills centre and the inherent problems with funding equipment staffing and course development to the considerations for healthcare centred simulation within medical education and the steps required to develop courses that comply with best practice in medical education Providing an in depth understanding of how medical educators can best incorporate simulation teaching methodologies into their curricula this book is an invaluable resource to teachers across all medical specialties

Designed for Joy Owen Strachan, Jonathan Parnell, 2015-07-15 Male and female he created them Genesis 1:27 It s one of the most important and controversial topics of our time God created men and women in his image equal in value and complementary in roles These distinctive roles are not the vestiges of a bygone era but integral to God s timeless good design for humanity *Designed for Joy* includes fresh contributions from fourteen young leaders casting a unified vision for Christian manhood and womanhood Whether discussing the significance of gender the truth about masculinity and femininity the blessing of purity or the challenge of raising children in a confusing world this practical resource challenges us to embrace God s good design for his glory and our joy

Holy Fire Fell Dirk R. Ellis, 2017-01-18 Why do we worship as we do What are the forgotten practices once central to many early Nazarene congregations Because historical events and other factors have shaped and molded the various worship patterns found in

local congregations the way in which contemporary Nazarenes worship is no accident Like other descendants of the American holiness movement Nazarene worship is influenced by events predating our denominational forebears This text explores the history behind current worship trends for a crucial reason the very act of worship shapes and forms worshipers Beliefs and attitudes are forged not merely by what is heard from the pulpit but also by what is done bodily in the pew Ellis examines the liturgical concerns and practice of John Wesley as well as those of early Nazarene pioneers in an attempt to address these issues In so doing the book provides a historical resource for denominational leaders pastors and congregations At the same time it aims to help congregations both to appreciate our rich ecclesial history and to critically evaluate current worship practices in order that they may truly be transformational

Mountaineering: The Freedom of the Hills, 10th Edition Mountaineers Books, 2024-09-01 The definitive guide to mountains and climbing Conrad Anker More than 800 000 copies sold since the first edition was published in 1960 and translated into 12 languages Detailed instructions and hundreds of illustrations share the latest in best practices Researched and written by a team of expert climbers guides and instructors Mountaineering The Freedom of the Hills is the most significant guidebook ever published Born from the handwritten climbing tips of early volunteers of the Seattle based Mountaineers organization this fundamental how to manual has inspired emerging climbers around the globe across nine editions for more than six decades Mountaineers Books is proud to present the 10th edition of this master guide commonly referred to as Freedom From planning a weekend backpacking trip to navigating the logistics of a months long alpine expedition from tying knots and hitches to essential belaying and rappelling techniques from setting up camp in the wilderness to summiting glaciated peaks this comprehensive textbook written by climbers for climbers covers it all

The Pedagogics of Unlearning Aidan Seery, Éamonn Dunne, 2016 What does it mean to unlearn Once we have learned something is it ever possible to unlearn that something If something is said to have been unlearned does that mean that it is simply forgotten or does some residual force of learning some perverse force also resonate in ways that might help us to rethink traditional approaches to teaching and learning Might we say that education today is haunted by the spectre of unlearning This book invites readers to reflect on the possibilities of knowing reflecting understanding teaching and learning in ways that allow us to imagine the other side of education the side which understands non knowledge ignorance stupidity and wonder as potentially the most important learning experiences we can ever have In a series of provocative essays by some of the world s most renowned theorists in philosophy psychoanalysis cultural studies politics and education The Pedagogics of Unlearning challenges us to think again about what we mean when we talk about learning about what it really means to learn and whether the kinds of learning we imagine in our classrooms and daily lives are actually synonymous with the sort of learning we envision when we think and talk about the purpose and passage of education If you think you know what education and learning are doing what teaching strategies do and what learning outcomes are then this book asks you to think again to unlearn what you have learned to learn to unlearn
