**Benefits & Compensation Digest**, 2006 [Benefits Quarterly](#), 2009 *Heads or Tails* Mr Evgueni Ivantsov, 2013-11-29 In the wake of the global financial crisis *Heads or Tails* answers the question what changes should financial institutions undergo to ensure reliable protection against extreme risks Recent massive failures among large and respected financial institutions clearly demonstrate that contemporary risk management and regulation fail to provide adequate responses to the challenges set by extreme risks Dr Evgueni Ivantsov combines analysis of the nature of extreme risk so called tail risk risk management practices and practical solutions to build a robust enterprise wide extreme risk management framework which includes three lines of defence ranging from strategic to tactical designed to help address the tail risk during different stages of its development The author also discusses Why

modern sophisticated risk management frameworks strong capitalisation and liquidity do not prevent banks from failure in the face of systemic crisis What it means to build an effective defence against systemic and catastrophic losses What risk architecture should look like to ensure that extreme risk events are identified early and efficiently mitigated How modern management practices regulation and risk and business culture need to change to guarantee sustainability While the context of Dr Ivantsov s writing is financial services the book contains an important message for specialists from any industries exposed to the extreme risks oil gas energy mining chemical productions transportation etc Until the shortcomings of current risk management and regulation are resolved financial services and other at risk industries will repeat the painful mistakes of the past over and over again *Robert D. Fisher Manual of Valuable and Worthless Securities* Robert Denton Fisher,1975

*Bank Recovery and Resolution* Sven Schelo,2020-10-14 Bank Recovery and Resolution Second Edition Sven Schelo Since 2008 enormous efforts have been made worldwide to draft rules to prevent a reoccurrence of the devastating financial events of that year In the process bank business has been laid open to intense public and government scrutiny and regulation of banking has grown to spectacular proportions Prominent among the measures taken is the EU Bank Recovery and Resolution Directive BRRD which together with the Single Resolution Mechanism SRM and the Single Resolution Fund constitutes a crucial new pillar in the European Banking Union Practitioners searching for orientation in what can readily be perceived as a jungle have an urgent need for a clear and systematic description and analysis of these new rules which are sure to have a massive impact on bank business from this time on not only in Europe but also wherever European business is to be found The solidly grounded analysis in this important book sets the new rules under BRRD into their full context as cross border phenomena With its crystal clear explanation of key provisions procedures and triggers the book organises a highly complex legal system into patterns and action plans that can be applied in virtually any eventuality likely to arise in cases where bank business is of central significance Among the topics covered are the following entities covered by BRRD exceptions under BRRD objective and scope of BRRD tools bail in bridge bank sale of business asset separation asset quality reviews curing or mitigating the continuing problem of non performing loans new rules as response to lack of private solutions banks requirement to provide a minimum amount of eligible liabilities safety buffers to protect resolution need to be resolvable in a worst case leverage and liquidity ratios forced mergers market spillover effects of recovery planning group recovery planning effects of foreign law contracts and assets write down of capital instruments and special problems of cross border restructuring The presentation is enhanced by a comparative dimension which includes reference to United States and other national developments and a full scale analysis of Switzerland s regulatory response to the crisis Given that a full seamless global system of bank recovery and resolution has not yet been found and that major banks are global players headquartered in different jurisdictions and even different continents this book will greatly assist in the work of practitioners who must deal with cases involving international banking under the prevailing status quo Its usefulness to officials and academics in

international banking and finance law and policy who are working towards a global solution is of incalculable value

**Empfehlungen und Leitlinien als Handlungsform der Europäischen Finanzaufsichtsbehörden** Johanna Elisabeth Dickschen, 2017-06-05 Das Buch untersucht Empfehlungen und Leitlinien der Europäischen Finanzaufsichtsbehörden von einem handlungsformtheoretischen Ansatz ausgehend Miteinbezogen werden auch die Empfehlungen und Leitlinien der Level 3 Ausschüsse als Vorläuferausschüsse Es stehen u.a. Fragen der Identifikation und Abgrenzung von anderen Handlungsformen der Wirkungen von Leitlinien und Empfehlungen des Verfahrens und des Rechtsschutzes im Mittelpunkt der Untersuchung Das Vorhaben systematisiert erstmals Empfehlungen und Leitlinien der Europäischen Finanzaufsichtsbehörden als Handlungsform Kennzeichnend für das Werk ist dabei insbesondere die rechtswissenschaftliche öffentlich rechtliche Sichtweise auf aktuelle Entwicklungen in der Finanzaufsicht

**Corporate Governance** Ines Zenke, Ralf E. Schäfer, Holger Brocke, 2025-03-31 Das Werk schildert die Best Practice einer verantwortlichen Unternehmensführung Es unterstützt in allen Fragen des Risikomanagements der Organisation und der Compliance in Unternehmen Die 3. Auflage berücksichtigt alle Änderungen zu Whistleblowing und Geldwäscherei Das Lieferkettensorgfaltspflichtengesetz und die Corporate Sustainability Due Diligence Directive CSDDD werden mitbehandelt
