Countdown Collage Hong Kong In Transition:

Countdown Collage Ruth Epp,1997 **Foreign Devil Girl in Hong Kong** Ruth Epp,2012-10-01 Early in 1959 Ruth left her home on the South Dakota prairies and traveled by cargo ship to Hong Kong on the south coast of China She was answering a call from God The ships officers smiled in amusement and asked What do you think a twenty two year old girl like you can do in Hong Kong She thought she knew until she found herself a foreign devil girl surrounded by poor working class people whose language culture and life experiences were totally foreign to her God was her only confidante and friend as she struggled to learn how to fulfill her mission Cantonese is one of the most difficult Chinese dialects to learn and her teacher didn't know a word of English Her attempts to speak sometimes provoked outbursts of hilarious laughter Such experiences showed her some surprising things about herself and increased her determination to learn to speak Cantonese perfectly Unexpectedly challenging questions were raised about the God she introduced and she was hard pressed to find convincing answers But God blessed her efforts to bring people to him and helped her as she took time to re evaluate her own faith The author tells her story honestly just as she did long ago in her journal when she recorded the lessons she learned through the successes and failures joys and sorrows of her first four and a half years in Hong Kong Her writing gives us an inspiring view of a real God at work in the life of a real person Keeping Democracy at Bay Suzanne Pepper,2008 This thoroughly researched study provides an invaluable account of Hong Kong's political evolution from its founding as a British colony to the present Exploring the interplay between colonial capitalist communist and democratic forces in shaping Hong Kong's political institutions and culture Suzanne Pepper offers a fresh perspective on the territory's development and a gripping account of the transition from British to Chinese rule The author carries her narrative forward through the lives of significant figures capturing the personalities and issues central to understanding Hong Kong's political history Bringing a balanced view to her often contentious subject she places Hong Kong's current partisan debates between democrats and their opponents within the context of China's ongoing search for a viable political form The book considers Beijing's increasing intervention in local affairs and focuses on the challenge for Hong Kong's democratic reformers in an environment where ultimate political power resides with the communist led mainland government and its appointees Troubling American Women Stacilee Ford,2011-03-01 American women have lived in Hong Kong and in neighboring Macao for nearly two centuries Many were changed by their encounter with Chinese life and British colonialism Their openness to new experiences set them apart while their pedagogical impulse gave them a reputation for outspokenness that troubled others Drawing on memoirs diaries newspapers films and other texts Stacilee Ford tells the stories of several American women and explores how through dramatically changing times they communicated their notions of national identity and gender Troubling American Women is a lively and provocative study of cross cultural encounters between the Hong Kong and the US and use of stereotypes of American womanhood in Hong Kong popular culture Stacilee Ford has lived in Hong Kong for 18

years She teaches history and American studies at the University of Hong Kong

Marx and Aristotle George E. McCarthy, 1992 As the Iron Curtain was shattered recently in Eastern Europe revealing a diversity of cultural traditions lost during the recent past so too the curtain which has hidden Karl Marx's writings for many years seems to be crumbling Its disappearance reveals a rich complexity of traditions and visions that underlay his social political and economic theory Marx and Aristotle brings together an outstanding multidisciplinary collection of recent scholarship most written especially for this volume to look further behind this historical veil by examining the influence of classical Greek philosophy especially the thought of Aristotle and Epicurus on Marx
