Going Within Vanessa Albright, 2022-10-19 This is the memoir of how I went from being an emotionally unhappy fearful candle in the wind person to becoming a happy calm stable and well balanced person This is about the journey I took to get there which was a long difficult ride but I finally arrived a much happier person I took a hard look at what was going on inside of me and found out what triggered my pain and suffering Looking back I realize the journey was so worth it

A MYSTICAL CONNECTION H. Torrevillas, M.D., 2011-03-29 From early childhood through high school medical school and in his practice of Medicine in the Philippines and Australia he had encountered strange experiences some snatched him from the claws of death These experiences Part I inspired him to write this book The author's mother during World War II had a near death experience She was told to take care of the eldest the author because God has a design for him Is this call now 65 years later coming to its fulfillment At age 20 a voice communicated with the author At age 30 he was possessed for 20 minutes and messages were given to him At 48 Jesus Christ appeared before him in the cloud There are many other strange encounters in the life of the author A key was given to him to DECODE the symbologies in the Book of Revelation What is the real meaning of 666 The Dragon With Seven Heads and Ten Horns and many more Are these delusional Read carefully the book

Love and Immortality William Pillow, 2008-05 An autobiographical love story and a scientific and metaphysical discussion about death God our souls the spirit world and reincarnation It also discusses the implications of how we live our lives based on love eternity and theological concerns Page 4 of cover

Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era Douglas Kinney, 2014-06-06 Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical

universe Ninety five percent of the universe s energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality

Discovering the Life Plan Ann Merivale,2012-04-27 This book goes through the WHOLE of life in stages but it begins not at birth or even conception but in the planning stage in what is known by Tibetans as the Bardo the inter life stage when important decisions are made re ones chief purpose s in the forthcoming life the main lessons that need to be learnt the karmic debts to be paid and the main cast of characters Some people choose a happy life living with a soul mate while others realise that they will learn more overcome more important challenges and complete more of their karma by living a life on their own or one with more pain and difficulty And the book ends not at death but rather shows how death is not the end describing some fictional post death scenarios It includes numerous true case histories many of which demonstrate the impact of previous lives on a persons present life and each chapter is followed by useful self help exercises Above all it shows how there is a good reason for everything that happens in life

[Your Passport to Alternative Spirituality and the After-Life](#) Maureen Perez,2022-09-27 My reason for writing this book is to address the many opinions people have about alternative spirituality topics and what happens when we die There are many fearful ideas about death personal responsibility and sin I want to provide an alternative view of these subjects I firmly believe that our Creator would never cause us to suffer in any way shape or form That energy is of a loving parent who disciplines us when we need it and loves us unconditionally

What on Earth Are We Doing Here? Elaine A. Piha,2011-03-15 What on Earth Are We Doing Here Exploring the Case for Human Suffering by Elaine A Piha C C M A Book Description Have you ever watched the evening news and wondered why there is so much pain and destruction in our world Have you ever wondered why so many bad things happen to seemingly good people perhaps yourself So often when something bad happens it appears to be nothing more than meaningless suffering But what if your challenging experiences were actually loaded with hidden meaning meaning that you yourself selected before you were even conceived Could it be that you are the sole entity responsible for your circumstances that no other source is to blame for your current state of affairs We plan our life challenges before birth in a process called pre birth planning not for the mere principle of enduring pain but for the personal growth that it affords our soul Thus human suffering has the noble purpose of teaching compassion as we each travel our own spiritual path Giving

meaning to our suffering is vital to our growth as a whole Understanding the adversity in our lives leads to personal acceptance freedom and fulfillment Feelings of fear anger and resentment are replaced with the motivation to extract as much meaning as possible from each earthly experience This shift removes us from the victim role and places us in the driver's seat of our own lives
