Catechesis and Mystagogy Victoria M. Tufano, 1996 Liturgy and catechesis should happen together We've brought together liturgists catechists pastoral ministers and academic experts to address how a parish might pastorally care for families who are bringing their children to the church for baptism These essays discuss pre education training for catechists timing of the rites and the homily

Infant Baptism James Lumsden, 1856 *Infant Baptism and the Covenant of Grace* Paul King Jewett, 1978 This is a print on demand book and is therefore non returnable Paul Jewett author of the creative and highly provocative book *Man As Male and Female* here turns his critical attention to the practice of infant baptism Jewett does not accept the traditional covenant argument for baptizing infants and this book explains why he believes this argument fails Infant baptism is not a subject which can be isolated For as Jewett would have his readers understand one's view on this issue is integrally related to one's view of the sacraments in general and thereby to the whole doctrine of the church and salvation Thus it is understandable that what appears to be a minor theological question has had such divisive effects on the church A discussion of the historical source of infant baptism begins Jewett's critique and introduces such issues as the distinction between infants and children the silence of certain early church fathers on the subject infant communion and catechetical instruction The second and major portion of this book examines the theological issue focusing specifically on the covenant argument which suggests that baptism replaces circumcision as the sign of the covenant and thereby is given to infants This argument Jewett claims fails to take into account the historical character of revelation and contains certain contradictions Jewett concludes with a creative defense of believer baptism one which is theologically responsible and which recognizes the profound truths of covenant theology

The Shaping of the Reformed Baptismal Rite in the Sixteenth Century Hughes Oliphant Old, 1992-04 This is a print on demand book and is therefore non returnable This meticulously researched

book recounts how the early sixteenth century Reformers steering a course between the old Latin rites on the one hand and the Anabaptist movement on the other developed a baptismal service that they understood to be reformed according to Scripture Hughes Oliphant Old's study shows the Reformed baptismal rite to be well thought out pastorally sensitive and theologically profound Developing a Parish Catechesis for Celebrating Infant Baptism Marie Roccapiore,1996 Infant Baptism Timothy Fitzgerald,1994 Encourages an understanding of baptism as the action for the entire gathered community
