The Ministry of the Elder Roderick L. Evans, In this publication we will discuss the ministry of the C O G I C Elder It is our endeavor to help those entering ministry having supplemental support as they navigate the execution of their ministries In addition we will provide basic protocols for the Elder s purpose and function *Bishop Charles H. Contributors Select Bibliography Author index Subject index Divine Callings Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions Divine Callings offers a rare sociological examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints **Church Elders** Jeramie Rinne, 2014-04-30 Effective leadership is important Nowhere is this more true than in the church Jeramie Rinne offers readers a concise overview of the Bible s teaching on spiritual leadership setting forth an easy to understand job description for elders that is focused on enabling pastors and church leaders to effectively shepherd their congregations Giving practical guidance to new elders and helping church members better understand and support their spiritual leaders this conversational book emphasizes purposeful ministry rather than project management It will also bolster leaders confidence by encouraging them to embrace their pastoral calling with grace wisdom and a clarity of vision

Women in the Church of God in Christ Anthea Butler, 2012-01-01 The Church of God in Christ COGIC an African American Pentecostal denomination founded in 1896 has become the largest Pentecostal denomination in the United States today In this first major study of the church Anthea Butler examines the religious and social lives of the women in the COGIC Women s Department from its founding in 1911 through the mid 1960s She finds that the sanctification or spiritual purity that these women sought earned them social power both in the church and in the black community Offering rich lively accounts of the activities of the Women s Department founders and other members Butler shows that the COGIC women of the early decades were able to challenge gender roles and to transcend the limited responsibilities that otherwise would have been assigned to them both by churchmen and by white dominated society The Great Depression World War II and the civil rights movement brought increased social and political involvement and the Women s Department worked to make the sanctified world of the church interact with the broader American society More than just a community of church mothers

says Butler COGIC women utilized their spiritual authority power and agency to further their contestation and negotiation of gender roles in the church and beyond
