John Steadman Rice

Co Dependence Misunderstood Mistreated:

Co-dependence Anne Wilson Schaef,1992 Describes an unhealthy type of relationship which can develop between drug addicted people and those close to them and explains how this problem can be treated Codependent Forevermore Leslie Irvine,1999-10 She shows how Alex Paul Liz and many others create a sense of self by combining elements of autobiography culture and social structure all within the adopted language of psycho spirituality BOOK JACKET *A Disease of One's Own* John Steadman Rice,2017-11-30 In the present decade co dependency has sprung up on the landscape of American popular culture Portrayed as an addiction like disease responsible for a wide range of personal and social problems co dependency spawned a veritable social movement nationwide *A Disease of One s Own* examines the phenomenon of co dependency from a sociological perspective viewing it not as something a person has but as something a person believes not as a psychological disease but as a belief system that offers its adherents a particular way of talking about the self and social relationships The central question addressed by the book is Why did co dependency one among a plethora of already existing discourses on self help meet with such widespread public appeal Grounded in theories of cultural and social change John Steadman Rice argues that this question can only be adequately addressed by examining the social cultural and historical context in which co dependency was created and found a receptive public the content of the ideas it espoused and the practical uses to which co dependency s adherents could apply those ideas in their everyday lives In terms of the larger American context his analysis links the emergence of co dependency with the permeation of psychological concepts and explanations throughout Western culture over the past thirty years focusing particularly on the cultural and social impact of the popular acceptance of what the author calls liberation psychotherapy Liberation psychotherapy portrays the relationship between self and society as one of intrinsic antagonism and argues that psychological health is inversely related to the self s accommodation to social expectations Rice argues that a principal source of co dependency s appeal is that it affirms core premises of liberation psychotherapy thereby espousing an increasingly conventional and familiar wisdom It simultaneously fuses those premises with addiction related discourse providing people with a means of making sense of the problems of relationship and identity that have accompanied what Rice terms the psychologization of American life This brilliant analysis of the phenomenon of co dependency will be of interest to psychologists sociologists psychotherapists and those interested in American popular culture **The Mindful Path to Addiction Recovery** Lawrence Peltz,2013-03-12 Mindfulness the quality of attention that combines full awareness with acceptance of each moment just as it is is gaining broad acceptance among mental health professionals as an adjunct to treatment Because at the heart of addiction is the fear of painful emotional states addicts compulsively seek drugs and alcohol to avoid or escape emotional pain Mindfulness on the other hand helps us develop greater acceptance and ease with life s challenges as well as greater self compassion Here Dr Lawrence Peltz who has worked as an addiction psychiatrist for more than two decades draws from his clinical experience and on the techniques of

mindfulness based stress reduction MBSR to explain the fundamental dynamics of addiction and the stages of the recovery process and also gives us specific mindfulness exercises to support recovery Beyond Codependency Melody Beattie,2009-06-21 In simple straightforward terms Beattie takes you into the territory beyond codependency into the realm of recovery and relapse family of origin work and relationships surrender and spirituality You re learning to let go to live your life free of the grip of someone else s problems And yet you find you ve just started on the long journey of recovery Let Melody Beattie author of the classic Codependent No More help you along your way A guided tour past the pitfalls of recovery Beyond Codependency is dedicated to those struggling to master the art of self care It is a book about what to do once the pain has stopped and you ve begun to suspect that you have a life to live It is about what happens next In simple straightforward terms Beattie takes you into the territory beyond codependency into the realm of recovery and relapse family of origin work and relationships surrender and spirituality With personal stories hard won insights and activities her book teaches the lessons of dealing with shame growing in self esteem overcoming deprivation and getting past fatal attractions long enough to find relationships that work Managing Stress: Skills for Self-Care, Personal Resiliency and Work-Life Balance in a Rapidly Changing World Brian Luke Seaward,2020-12-08 Updated to provide a modern look at the daily stressors evolving in our ever changing society Managing Stress Skills for Self Care Personal Resiliency and Work Life Balance in a Rapidly Changing World Tenth Edition provides a comprehensive approach to stress management honoring the balance and harmony of the mind body spirit and emotions Referred to as the authority on stress management by students and professionals this book equips readers with the tools needed to identify and manage stress while also coaching on how to strive for health and balance in these changing times The holistic approach taken by internationally acclaimed lecturer and author Brian Luke Seaward gently guides the reader to greater levels of mental emotional physical and spiritual well being by emphasizing the importance of the mind body spirit connection Managing Stress: Principles and Strategies for Health and Well-Being Brian Luke Seaward,2011-07-22 **Managing Stress: Principles and Strategies for Health and Well-Being - BOOK ALONE** Brian Seaward,2009 Referred to as the authority on stress management by students and professionals Managing Stress Sixth Edition contains the most comprehensive approach honoring the integration balance and harmony of mind body spirit and emotions The holistic approach taken by internationally acclaimed lecturer and author Brian Luke Seaward gently guides the reader to greater levels of mental emotional physical and spiritual well being by emphasizing the importance of mind body spirit unity Every NEW text includes a Relaxation CD and a note taking guide at no additional cost to your students The Dark Side of Close Relationships Brian H. Spitzberg,William R. Cupach,2013-06-17 This collection of essays represents a follow up to the editors 1994 publication The Dark Side of Interpersonal Communication In the preface to that collection of essays they argued that To fully understand how people function effectively requires us to consider how individuals cope with social interaction that is difficult problematic challenging

distressing and disruptive In this companion volume the focus expands from social interaction to close relationships Aside from the inherent need to investigate the bad as well as the good of interpersonal relationships the editors and their colleagues simply find the dark side metaphor to be intellectually arousing It stimulates investigation of important yet often neglected phenomena and it especially encourages consideration of the hidden and forbidden and the paradoxical and ironic elements of human relating This volume assembles the cutting edge work of first rate scholars from the ranks of communication psychology sociology and cognate disciplines As in the previous text the subject matter and stylistic approaches are diverse reflecting the broad and interdisciplinary domain that is the dark side of human affairs The selection of topics is somewhat selective reflecting only a sample of emerging scholarship in the interdisciplinary study of relationships These internationally recognized scholars examine various topics related to the dark side including fatal attractions jealousy and envy misunderstanding gossip conflict codependence sexual coercion stalking relationship termination unrequited love and mental health problems in relationships Some chapters present original data and models whereas others reconfigure the way in which the understandings of relationships can be better understood In addition the bookend chapters examine the ideology nature and problems of dark side scholarship Collectively the scholarly journeys made in this volume are intended to illustrate the complexities both moral and functional involved in close relationship processes The intent is neither to valorize nor demonize the darker aspects of close relationships but rather to emphasize their importance to the day to day doing of relationships Only by accepting such processes as integral to relationships can their role be fully understood

A Will to Lead and the Grace to Follow William H. Willimon, 2011 Throughout his time as bishop Will Willimon has once a week sat down at his computer and tapped out short messages to the churches under his care Sometimes his intention has been to comfort and console sometimes it s been to motivate and inspire Sometimes he s written deeply theological meditations on the mystery of the Resurrection other times he s spoken in highly practical terms about what goes into making an affective congregation Sometimes he wrestles with thorny issues of the day like religion and politics other times he lists the things you should do during the first week of a new pastorate Always he s brought to the task his trademark humor and insight A Will to Lead and the Grace to Follow brings together dozens of these messages each of them a gem of pastoral advice If you want to know about the ins and outs the highs and lows of being a leader of God s people you ve come to the right place
