Celebration Quarter Century College October Classic:

Marquette College, a Quarter Century, 1881-1906, 1906 **The Classical Weekly**, 1926 *The Critic* Jeannette Leonard Gilder, Joseph Benson Gilder, 1896 **The Smith Alumnae Quarterly**, 1924 **New York Magazine**, 1994-09-12

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942**, 1942 *The Quarterly Review*, 1879 *Teaching Gender* Samuel Rutherford, 2025-03-17

In Britain in the late nineteenth and early twentieth centuries universities were one of many institutional state structures wherein gender difference the male breadwinner ideal and heterosexuality were central to a conception of citizenship But while the state could enforce these norms through the parameters it set on the extension franchise or the distribution of welfare benefits individual women and men also played active roles in creating and renegotiating them through the messy interactions of everyday life *Teaching Gender* immerses the reader in lecture theatres University Senate meetings student unions nightclubs and halls of residence to show how individuals efforts to find workable paradigms for relating to one another across gender lines took shape within specific institutional political and financial constraints and in the context of a historical moment when anxiety accrued around non normative genders and sexualities as symptomatic of wider social and political instability Drawing on extensive research in the archives of ten colleges and universities across England and Scotland Samuel Rutherford shows that the nationalization and centralization of higher education at the turn of the twentieth century resulted incidentally in coeducation over the protest of feminist activists who supported gender segregation that students negotiation of cross gender interaction in coeducational universities ultimately led them to identify heterosexuality as a seemingly less fraught paradigm than more gender neutral conceptions of corporate life and that single sex men s and women s colleges though increasingly marginal became important sites for the theorization of life paths and identities outside the heterosexual norm Through detailed recovery both of political and financial decision making and of the experiences and emotions of faculty students administrators donors and national politicians Rutherford paints a vivid and resonant picture of the university campus as a key site for the transmission of norms around gender and sexuality **The Violinist**, 1908 **Smith College** Margaret Birney Vickery, 2007

The newest title in the Princeton Architectural Press Campus Guide series takes readers on a tour of Smith College Founded in 1871 as one of the first full fledged colleges for women Smith is known for its beautiful campus set in an idyllic New England landscape A walk around its grounds is like a comprehensive tour through American architecture from the eighteenth century to the present The campus includes such diverse buildings as Peabody the neo Georgian

Quadrangle by Ames Dodge and Putnam Skidmore Owings as well as the postmodern Bass Science Center and Young Science Library by Shepley Bullfinch Richardson and Abbott The university s most recent additions include the Brown Fine Arts Center designed by the Polshek Partnership the Olin Fitness Center by Leers Weinzapfel Associates and the Campus Center by Weiss Manfredi

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
