

Features

The Celebrity guitar is designed and manufactured to exacting specifications, characteristic of the most professional instruments:

Mahogany Neck—The Celebrity guitar is designed with a unique, all-mahogany "through neck" design. This design helps insure that the fingerboard stays flat throughout its length for a stable, playable neck all the way up the fingerboard.

Dovetail Neck/Body Joint—The Celebrity neck and body are joined with a bonded dovetail joint. This allows the neck angle to be accurately set and maintained at the factory.

Tension Rod—The Celebrity neck has a steel tension rod in a hollow aluminum center channel, allowing easy adjustment. The adjustment is accomplished using a hex key (supplied with each guitar), with the adjustment just inside the soundhole for easy access. (It is recommended that neck adjustment be carried out by a skilled repairperson; see later section for details.)

Rosewood Fingerboard—All Celebrity fingerboards are made from rosewood for appearance and durability.

Rosette—Celebrity guitars feature the distinctive Ovation rosette with its trademarked leaf pattern design.

Solid Walnut Bridge—A one-piece walnut bridge is bonded directly to the wood of the guitar top and is secured with two bridge locating pins. Kaman's "through" bridge design eliminates the need for cumbersome bridge pins and results in increased sound volume.

Laminated Spruce Top—Designed and braced for maximum flexibility, the unique Celebrity bracing pattern places the major braces along the length of the top, maximizing flexibility and enhancing both sound quality and volume.

Lyrachord™ Roundback—This design was pioneered by Ovation during the late 1960s and has revolutionized guitar design. The incredible durability, improved projection, and even frequency response of the Roundback guitar makes it the **only** guitar for the 1980s.
