Canadian Society A Macro Analysis:

Canadian Society Harry H. Hiller, 2012-02-01 The Measure of Canadian Society John Porter, 1987-01-01 Vertical Mosaic In this book are gathered ten of his outstanding essays written over a period of twenty five years Porter's well known ex student Wallace Clement provides the introduction for this volume and Richard Helmes Hayes has compiled an updated bibliography of writings by and about John Porter **Canadian Society** Daniel Glenday, Ann Duffy, 1994 *Canadian Society* Rudy Fenwick, Association for Canadian Studies in the United States, 1996 **Canadian Society** Harry H. Hiller, 2000 *Continentalizing Canadian Telecommunications* Vanda Rideout, 2003-01-30 Rideout focuses on the protection of the public interest a crucial element neglected by most recent studies and shows that although alliances have been formed between labour consumers and public interest activists significant disagreements over issues such as free trade long distance and local competition and a targeted subsidy program for very low income Canadians have meant that this united front has not been able to counter the forces of the new neo liberal telecommunication policy regime *Continentalizing Canadian Telecommunications* details the complex relationships between the various corporate and government interests shows how the changes they brought about have locked Canada's telecommunications system into the orbit of the US system and discusses the implications this has for Canadians *A World-Systems Reader* Thomas D. Hall, 2000-03-01 This book brings together some of the most influential new research from the world systems perspective The authors survey and analyze new and emerging topics from a wide range of disciplinary perspectives from political science to archaeology Each analytical essay is written in accessible language so that the volume serves as a lucid introduction both to the tradition of world systems thought and the new debates that are sparking further research today **National Trauma and Collective Memory** Arthur G. Neal, 2018-04-17 A fascinating exploration of our evolving national psyche this book chronicles major traumas in recent American history from the Depression and Pearl Harbor to the assassinations of the Kennedys and Martin Luther King Jr to Ruby Ridge Waco and Columbine how we responded to them as a nation and what our responses mean Reflecting on American popular culture as well as the media this edition includes a new chapter on 9 11 and other acts of terror within the United States as well as coverage of the Columbia space shuttle disaster New student friendly features including discussion questions and Symbolic Events boxes in each chapter give the book added value as a classroom supplement *Australia's Toxic Medical Culture* Vicki Adele Pascoe, 2018-10-11 This book explores dominance in Australia's medical culture through the positioning of international medical graduates IMGs It argues that IMGs are othered and ultimately positioned as an underclass a positioning validated and reinforced by the intersecting inequalities of class race and nation It also suggests that the positioning of IMGs is organised through the dimensions of structural power hegemonic power and interpersonal power which allow an exploration of power relations between the structures of the health system the Australian medical profession and the agency of IMGs The Australian narrative presented to the world espouses a

community of social justice and human rights Instead an historical lens traces the formation and persistence of difference represented in ethnocentrism racism and xenophobia from 1788 to the present The research presented is multidisciplinary in scope An anti oppressive theoretical framework enables the voices of lived experience to penetrate throughout and a social justice platform engages the participants and the reader into the interwoven conversations The data set comprises a focus group 10 individual interviews with IMGs and a selection of inquiry submissions revealing rich and sometimes shocking evidence to paint a stark picture Other medical voices join the conversation via media responses to revelations of experiences not only by IMGs but also by Australian trained doctors It exposes a toxic culture endemic with bullying and sexual harassment This book is of interest to practitioners researchers and administrators in the fields of medical education human resource management legal studies health sciences social sciences health services government departments universities and hospitals as well as those tasked with duty of care and the provision of a safe workplace The voices gifted to this study raise awareness of current issues within medicine in Australia at a very personal level and begin to formulate a policy and practical response to address these disturbing revelations Proceedings of the Royal Society of Canada Royal Society of Canada,1928
