Johnston Greene, Gary R. Kremer, Antonio Frederick Holland, 1993 Originally written in 1980 by the late Lorenzo J. Greene, Gary R. Kremer, and Antonio F. Holland, *Missouri's Black Heritage* remains the only book-length account of the rich and inspiring history of the state's African American population. It has now been revised and updated by Kremer and Holland, incorporating the latest scholarship into its pages. This edition describes in detail the struggles faced by many courageous African Americans in their efforts to achieve full civil and political rights against the greatest of odds. Documenting the African American experience from the horrors of slavery through present-day victories, the book touches on the lives of people such as John Berry Meachum, a St. Louis slave who purchased his own freedom and then helped countless other slaves gain emancipation; Hiram Young, a Jackson County free black whose manufacturing of wagons for Santa Fe Trail travelers made him a legendary figure; James Milton Turner, who after rising from slavery to become one of the best educated blacks in Missouri worked with the Freedmen's Bureau and the State Department of Education to establish schools for blacks all over the state after the Civil War; and Annie Turnbo Malone, a St. Louis entrepreneur whose business skills made her one of the state's wealthiest African Americans in the early twentieth century. A personal reminiscence by the late Lorenzo J. Greene, a distinguished African American historian whom many regard as one of the fathers of black history, offers a unique view of Missouri's racial history and heritage. Because *Missouri's Black Heritage: Revised Edition* places Missouri's experience in the larger context of the national experience, this book will be welcomed by all students and teachers of American history or black studies, as well as by the general reader. It will also promote pride and a greater understanding among African Americans about their past and provide an increased appreciation of the contributions and hardships of blacks.

Race, Law, and American Society Gloria J. Browne-Marshall, 2013-05-02 This second edition of Gloria Browne Marshall's seminal work tracing the history of racial discrimination in American law from colonial times to the present is now available with major revisions. Throughout, she advocates for freedom and equality at the center, moving from their struggle for physical freedom in the slavery era to more recent battles for equal rights and economic equality. From the colonial period to the present, this book examines education, property ownership, voting rights, criminal justice, and the military, as well as internationalism and civil liberties, by analyzing the key court cases that established America's racial system and demonstrating the impact of these court cases on American society. This edition also includes more on Asians, Native Americans, and Latinos. *Race, Law, and American Society* is highly accessible and thorough in its depiction of the role race has played with the sanction of the U.S. Supreme Court in shaping virtually every major American social institution.

God and Human Responsibility Rufus Burrow, 2003 Walker took seriously God's expectation that justice be done in righteous ways and that persons respect the humanity and dignity of self and others. Fundamental claims of the Hebrew Prophets
