Cycle Time Reduction Designing And Streamlining Work For High Performance:

Cycle Time Reduction Jerry L. Harbour, 1996-01-01 Addresses issues such as Eliminating process waste Making the right resources available at the right place and time Optimizing technology to improve process flow Achieving continuous flow Creating and sustaining cross functional teams Cycle Time Reduction also contains a simple actionable tried and tested model for work design and streamlining Activity Based Work Design The book includes guidelines checklists tools and case studies An action oriented book for managers supervisors and team leaders charged with improving performance The Performance Mapping and Measurement Handbook Jerry L. Harbour, 2017-08-15 To better understand and improve your systems you must measure and map their essential characteristics Yet because your systems and their associated processes occur over varying spatial and temporal scales you will need various types of maps and metrics depending on the level of detail and understanding required During nearly four decades of ex *ROI for Technology Projects* D. Brian Roulstone, Jack J. Phillips, 2008 With increased scrutiny of technology spending by the most complex organizations in the world technology leaders need a tool kit to help them prepare for hard hitting discussions with their organization s CFO president CEO or chairman about the return they should expect from critical technology projects Rather than focusing top managers attention on cutting challenging and controlling expenditures as many C level accountants prefer to do this approach guides technology managers in providing executives with more comprehensive balanced information that helps all involved make better business decisions Along the way it helps technology managers communicate more effectively with the financial decision makers in their organizations Return on Investment in Training and Performance Improvement Programs Jack J. Phillips, 2012-06-25 The second edition of this bestselling book Return on Investment in Training and Performance Improvement Programs guides you through a proven results based approach to calculating the Return on Investment in training and performance improvement programs Jack Phillips has composed user friendly ROI calculations plus ten post program data collection methods ten strategies for determining the amount of improvement that is directly linked to training programs ten techniques for converting both hard and soft data to monetary values Return on Investment in Training and Performance Improvement Programs Second Edition continues as a primary reference for learning how to utilize ROI to show the contribution of training education learning systems performance improvement and change initiatives throughout organizations The book also details implementation issues provides worksheets and pinpoints non monetary program benefits A case study takes the reader through the ROI process step by step **The Leadership Scorecard** Jack J. Phillips, Lynn Schmidt, 2012-06-25 Strong leaders are essential to business success which makes leadership development a business imperative in today s competitive environment Leaders are needed that can do more than manage leaders are needed that can make a business great In addition there is increasing pressure on organizations to demonstrate the wise investment of development dollars This requires the effective use of leadership development methods as well as the ability to demonstrate

the success of those methods The Leadership Scorecard combines an explanation and discussion on best practice leadership development methods and incorporates ROI measurement evaluation methodology Lean Human Performance Improvement Jerry L. Harbour,2017-07-27 As companies continue their efforts to improve work performance they must ensure that their ongoing Lean activities include a healthy appreciation for and recognition of human performance Ignoring the human component of work performance can be a recipe for unnecessary waste inefficiency and decreased productivity Lean Human Performance Impro **Managing Information and Human Performance** Gary English,2004 Good information is essential if managers are to manage well Yet too often the right information does not get to the right place in the right form at the right time That s because information often is spread throughout the organization and hidden from management This book will change all that Learn how to establish a system that enables you to gather process and make available internal information in your organization quickly easily and inexpensively *Manufacturing Competitiveness Frontiers* ,1996 Process Analysis and Improvement: Text Marvin S.
