Cycling Home From Siberia:

Cycling Home from Siberia Rob Lilwall, 2011-04-05 It is late October and the temperature is already 40 degrees My thoughts are filled with frozen rivers that may or may not hold my weight empty forgotten valleys haunted by emaciated ghosts and packs of ravenous merciless wolves Having left his job as a high school geography teacher Rob Lilwall arrived in Siberia equipped only with a bike and a healthy dose of fear Cycling Home from Siberia recounts his epic three and a half year 30 000 mile journey back to England via the foreboding jungles of Papua New Guinea an Australian cyclone and Afghanistan s war torn Hindu Kush A gripping story of endurance and adventure this is also a spiritual journey providing poignant insight into life on the road in some of the world s toughest corners Walking Home From Mongolia Rob

Lilwall, 2013-11-21 Starting in the Gobi desert in winter adventurer Rob Lilwall sets out on an extraordinary six month journey walking almost 5000 kilometres across China Along the way he and his cameraman Leon brave the toxic insides of China s longest road tunnel explore desolate stretches of the Great Wall and endure interrogation by the Chinese police As they walk on through the heart of China the exuberant hospitality of cave dwellers coal miners and desert nomads keeps them going despite sub zero blizzards and the treacherous terrain Rob writes with humour and honesty about the hardships of the walk reflecting on the nature of pilgrimage and the uncertainties of an adventuring career He also gives a unique insight into life on the road amid the epic landscapes and rapidly industrialising cities of backwater China *The Boy Who Biked the World: Part Three* Alastair Humphreys, Tom Morgan-Jones, 2015-09-30 Tom was laughed at for day dreaming His dreams were of being an adventurer One day he decided to prove everyone wrong and set off cycling round the world Parts One and Two follow Tom crossing Europe and descending Africa then pedalling through the Americas to Alaska In Part Three Tom is on the last leg of his journey where he continues to discover strange and amazing sights and meet a host of fun characters He skids through the freezing temperatures of Siberia and in Japan even shares a steaming hot pool with some surprised monkeys He follows the Great Wall of China towards the mysterious lands of Central Asia and on crossing the world s largest inland sea is at last biking through Europe towards his home in Yorkshire Based on the author s personal experiences and with engaging illustrations maps and handwritten journal entries throughout this book provides an immersive experience for any young adventurer **The Two-Wheeled World of George B. Thayer** Kevin J.

Hayes, 2015-11-01 Cyclotourism has recently risen to prominence with growing national media coverage and thousands of participants taking to America s roadways on two wheels and under their own pedal power But the concept is not new More than a century ago George B Thayer took his own first century or one hundred mile bicycle ride The Two Wheeled World of George B Thayer brings to life the experience of late nineteenth century cycling through the heartfelt story of this important cycling pioneer In 1886 just two years after his first century Thayer rode his high wheeler across the United States traveling from his home in Connecticut to California and back Thayer took an indirect route without any intent to set speed records but

his trip was full of adventure nonetheless Thayer loved going downhill his legs over the handlebars risking life and limb atop the large wheel on often rough and muddy roads With aplomb and humor he dealt with the countless other hazards he encountered including dogs mule teams and wild hogs Even bad weather and poor sleeping conditions could not keep Thayer down After his epic tour across the United States Thayer had the urge to cycle abroad and eventually toured England Germany Belgium and Canada on his bike His later travels were in part aided by his hometown of Hartford Connecticut which was the epicenter of American bicycle manufacturing in the late 1890s In addition to telling Thayer s cycling story Kevin J Hayes brings to life the culture of cycling and its rise at the end of the nineteenth century when bikes became more affordable and the nation s riding craze took off
