Sokol, 2014-05 In a near future New York subject to an increasingly authoritarian and hostile government Laek a non conformist history teacher finds that he can no longer hide his radical past After a brutal confrontation with the NYPD he flees the United States with Janie an activist lawyer and their two kids Siri and Simon They cross the border by bicycle into Quebec by posing as eco tourists In a Montreal that the future has also transformed the family faces new challenges convincing the authorities to grant them refugee status and integrating into Quebec society Will they find safety in their new home Told from the points of view of the four family members *Cycling to Asylum* is a unique work of interstitial fiction from Su J Sokol an exciting new Montreal author *Cycling to Asylum* Su J Sokol, 2015-12-04 In a near future New York subject to an increasingly hostile government Laek and Janie flee across the border by bicycle into Quebec with their two young children *Cycling to Asylum* longlisted for the Sunburst Award is a unique work of interstitial fiction from an exciting new Montreal author **Futuristic Cars and Space Bicycles** Jeremy Withers, 2020-06-04 Given the extensive influence of the transport revolution on the past two centuries a time when trains trams omnibuses bicycles cars airplanes and so forth were invented and given science fiction's overall obsession with machines and technologies of all kinds it is surprising that scholars have not paid more attention to transportation in this increasingly popular genre *Futuristic Cars and Space Bicycles* is the first book to examine the history of representations of road transport machines in nineteenth twentieth and twenty first century American science fiction The focus of this study is on two machines of the road that have been locked in a constant often bitter struggle with one another the automobile and the bicycle With chapters ranging from the early science fiction of the pulp magazine era in the 1920s and 1930s to the postcyberpunk of the 1990s and more recent media of the 2000s such as web television zines and comics this book argues that science fiction by and large perceives the car as anything but a marvelous invention of modernity Rather the genre often scorns and ridicules the automobile and instead promotes more sustainable more benign more restrained technologies of movement such as the bicycle *Biketopia* Elly Blue, 2017-09-11 In a world with an uncertain future do you imagine for the best or for the worst case scenario Twelve writers tackle extreme solarpunk utopias and apocalyptic or political dystopias and the grey areas in between in *Biketopia* the fourth volume of the *Bikes in Space* series of feminist science fiction stories about bicycling Some find love and fierce resistance in the end times others imagine an ecological future of saving technology with solarpunk ecotopian visions at times paired with crushing social control Whatever your own future or present reality these stories will motivate and inspire you to envision something different and maybe even better **Nothing to Hide** Nick Simon, 2015-07-05 Set in a screwed up version of contemporary Vancouver in a post epidemic society where the government has become hell bent on fighting disease where health is policed and unhealthy behaviour is a crime and where people are under total surveillance *Nothing to Hide* is a multiple narrative account of a few months in the life of William Potenco movie buff social network freak hard

worker Nick Simon's debut novel is a journey into just what the demands of normality are under a regime addicted to defining all difference as an indication of sickness
