C Real The Perception Engineering Era Begins:

C-Real Michael Ladd,2015-05-05 This is the story about a brilliant but neurotic computer scientist who realizes he is broken He sub consciously tries to fix himself the only way he knows how through technology In an attempt at a fresh start M I T trained Malachi Jacks brings old issues into a new job with predictable results Despite the slow start with his new employer Malachi finds a way to redeem himself and prove his worth As the result of a very fishy conversation he comes up with the idea for a product line that is posed to change society in unimaginable ways The intention of course is that those changes will be for the good Is this the actual net result Is this the REALITY From an entirely different perspective the book is a two tiered love story On one level there is the deeply intertwined yearning and devotion that physics and technology share for each other a passion that has only intensified over the centuries On another there is the classic human dynamic of two people finding each other through the fog of their many differences This book has a strong transhumanism theme The setting is just before the futuristic technological singularity event *The Beginning Engineer's Role* Walter Allen Hill,1964
