How to Start a Home Cell Ministry James D. Craig, Donald E. Hill, 1981-07

[Making Disciples in the Twenty-First Century Church](#) Joel Comiskey, 2013-12-02 We know that the goal of the Christian life is to glorify God and to enjoy him forever While this is God's ultimate plan does he have a particular purpose for the cell based church I've been wrestling with this question for the past twenty two years This question confronts me every time I coach a pastor or pastors In preparation for coaching I ask myself What is my principal objective in helping this pastor Where am I guiding this church What am I trying to do I've come to the conclusion that the primary goal of cell ministry is to make disciples who make disciples Christ's last command to his disciples was for them to repeat the process and to reproduce new disciples But how were they supposed to do that This book answers these questions The early church followed Christ's pattern by making disciples through the house churches that periodically celebrated together in public worship In 2 Timothy 2:1-2 Paul tells Timothy to continue the discipleship process by passing on the pure gospel message to faithful men and women Even though the term disciple is later replaced by words such as brothers sisters Christians and saints the concept remains the same We in North America and the Western world often project our own cultural bias into Christ's great commission Matthew 28:18-20 Most discipleship books in fact assume that discipleship is an individualistic endeavor between me and God And yes there is an important individual aspect e.g. personal devotions etc Yet in Matthew 28 Jesus was talking to a group of disciples He wanted them to follow his example by making disciples in a group Jesus molded twelve disciples in a group and then sent them house to house So how does the cell church make disciples In this book I show how the cell small group works together with the cell system to make disciples who make disciples In the cell a potential disciple is transformed through community priesthood of all believers group evangelism and team multiplication In the cell potential disciples are formed through learning how to love one another exercising their gifts evangelizing together as a group and then sent forth as teams to start new groups Discipleship is a group process in the New Testament and God is calling his church to re-emphasize this truth The cell system ensures each leader has a coach and that

training equipping track happens Then the cells gather together to worship and grow through the teaching of God s Word All three aspects are essential to form disciples Training is needed because disciples won t learn all they need to know in the cell Coaching ensures that each leader is cared for and receives shepherding The celebration service brings the cells together to hear God s Word worship and receive fresh vision The goal of the two wing cell church is to make disciples who make disciples The cell church today makes disciples by following the early church pattern of cell and celebration

Recommendations I ve read all of Joel Comiskey s books but Making Disciples in the Twenty First Century Church is his best work yet In this book Joel reminds us that the real call and challenge of the Church is not developing leaders or numerical growth but making disciples who make disciples He also helps us understand why that is best done in a cell or small group context and gives us great insight about how to make that happen I m looking forward to having all of our Pastors Coaches and Cell Leaders and Members read this book in the near future Dennis Watson Lead Pastor Celebration Church of New Orleans ____ I am so excited about Joel Comiskey s new book Making Disciples in the Twenty First Century Church When I m asked what makes a cell church thrive I always say discipleship Thank you Joel for unpacking discipleship not just as an endeavor for individuals but as the critical element for creating a church community and culture that reproduces the Kingdom of God all over the earth I pray this book won t only be read but lived out as we were made to make disciples Jimmy Seibert Senior Pastor Antioch Community Church President and Founder Antioch Ministries International ____ I really like that Joel asked the Why question before the How question He even takes on the What question which is just as important The interest in discipleship is greater now than anytime in the last fifty years I fear however that we are using the same words but are not speaking the same language I recommend this work I cheer Joel on he joins many of us who are masters of the obvious It seems so obvious that our purpose is to be disciples and make disciples I cheer him on because he goes beyond the What and Why and does address the How This will help any person who reads it and I pray that there will be many Bill Hull Author of Jesus Christ Disciple Maker Disciple Making Pastor Disciple Making Church and The Complete Book of Discipleship Adjunct Faculty at Talbot School of Theology Biola University __ The history of the cell church movement in Brazil has many names of great man of God Joel Comiskey certainly is one of them We see how over the years his understanding of the New Testament Church has deepened Again Joel surprises us with this jewel He covers many aspects of cell church life showing us how discipleship relates to the broader scope of it and how to shape followers of Jesus He takes us to the heart of the matter of the cell church as he states it The purpose of cell ministry is making disciples who make disciples Excellent book The movement in Brazil certainly will be blessed through this book Enjoy it Robert Michael Lay Cell Church Ministry in Brazil Pioneer in the cell movement in Brazil and publisher of Joel s books __ In his tremendously helpful new book Making Disciples in the Twenty First Century Church Joel Comiskey cuts directly to the core purpose of cell ministry which is making disciples who make disciples Then he tells us how to do it through the Cell Based Church Like Joel s other books Making

Disciples in the Twenty First Century Church is solidly biblical highly practical wonderfully accessible and is grounded in Joel's vast research and experience Great job Joel Dave Earley Lead Pastor Grace City Church of Las Vegas Nevada Author *Eight Habits of Highly Effective Small Group Leaders* Adjunct Professor Liberty Baptist Theological Seminary __ For more than twenty years Joel Comiskey has served the cell church movement He has helped scores of congregations move from being traditional churches to communities where edification and harvest occurs Twenty years Now he combines two decades of observation as his capacity as a researcher He has scoured many books to assemble wise counsel for us His discussion of how community varies from culture to culture is indeed penetrating As I read through the pages I mentally noted specific Christian workers who need to read these pages Thanks Joel for the way you allow the King to speak through you to enlarge His Kingdom on earth Ralph Neighbour Jr key pioneer of the cell church movement ____ Joel Comiskey continues to deepen our understanding of the cell based church In *Making Disciples* we are equipped to carry out the Great Commission at maximum capacity Get ready to have your vision for ministry strengthened and expanded Andrew S Mason Small Groups Pastor Thrive Church Elk Grove CA Founder SmallGroupChurches.com ____ As one of the world's leading experts on cell based churches Joel Comiskey is well placed to show how New Testament style disciple making works His decades of experience in fields of ministry all over the world confirm that every member ministry and personal investment in disciples are God's pathway to true maturity and expansion of the kingdom of God This well written book deserves attention from every serious Christian Dennis McCallum Author *Organic Discipleship* ____ *2000 Years of Small Groups* Joel Comiskey, 2014 This book explores how God has used small groups throughout church history specifically focusing on the early church to the present time God not only established the early church as a house to house movement but he also has used small groups throughout church history This book chronicles the small group or cell movement from Jesus all the way to the modern day cell explosion Themes include Small Groups In Biblical History Small Groups In Early Christian History Small Groups and Monasticism Small Groups During the Pre Reformation Period Luther and Small Groups Martin Bucer and Small Groups The Anabaptist Movement Puritan Conventicles Pietism The Moravians The Methodists Modern House Churches Small Groups in North America The Modern Day Cell Church This book will both critique the strengths and weaknesses of these historical movements and apply principles to today's church You will grow in appreciation and understanding of key small group principles from those pioneers who have paved the way You will also learn to value those movers and shakers who faced far greater odds to implement small groups than the difficulties confronted today Many have struggled with the same things you're wrestling with now And just like they found solutions in the face of persecution and trial God will help you to persevere find solutions and ultimately bear abundant fruit for his kingdom and glory ____ Successful Home Cell Groups David Y. Cho, Yong-gi Cho, 1981 Korean pastor Paul Yonggi Cho describes his church as both the smallest and the largest in the world The introduction of home cell groups has brought about not only phenomenal growth but also intimate fellowship and

involvement **Successful Home Cell Groups (16pt Large Print Edition)** David Yonggi Cho, 2010-04-20 Home cell groups are becoming a necessity in the believer's life not only for the mega churches but also for the small corner churches as well. This book is a how-to resource that details everything you need to know in order to make home cell groups work in your church. The plans developed here are designed to bring intimate fellowship and involvement in the Christian's life to effectively show Christians how to evangelize their neighborhood and community and to share their spiritual gifts with one another. Home cell groups therefore give church members the opportunity to participate in the ministry of their church. Dr. Cho promises that by following the guidelines I have presented here you can bring the miracles of home cell groups and church growth to your own congregation. So how does a church of more than 800,000 believers grow and work? Small groups, one household at a time. Cho is careful to share both his mistakes as well as his successes. One of the prime ingredients for a successful home group program is evangelism. He insists that the cell groups focus on the neighborhoods and communities to reach the lost. Leadership training, discipline, recognition, focus, and personal involvement by the senior pastor are other critical elements. There is a careful balance which needs to be struck between control and freedom for each group to strengthen and grow. Great wisdom is shown in relying on the Holy Spirit to strike the right balance. As a senior partner in ministry, the Holy Spirit has grown the body of Christ in a miraculous way. Recorded in this book are lessons for us all: laymen and clergy, large church and small.
