Children Of A Living Universe Discovering Our Legacy Will Change Our Future:

Children of a Living Universe Von Ward, Paul, 2014-04-01 This book is an articulate well researched intelligent compilation of new and ancient data that explores the implications of the extraterrestrial origins of the human race The primary stories of our origins religious versions Darwinism are called into question when held against scientific evidence and recorded histories of many cultures Among Von Ward s startling conclusions are The universe is self manifesting self directing and self learning Everything that is including the human race is a manifesation of the universal consciousness Intelligent human life is much older than is popularly believed Human consciousness mirrors that of the universe s creators Science and technologies of a millennia ago were as advanced as they are today Our consciousness is not limited to the world of the five senses With insight and clarity Von Ward envisions that discovery of our true legacy will inspire a global renaissance of inner knowing and unprecedented social progress Beyond earthly evolution he sees humanity assuming its place as a part of a universal community of conscious beings and fulfilling our potential to serve as galactic leaders This is a brilliant guide to this new and essential process in human spiritual evolution
