Constructing The Stalinist Body Constructing The Stalinist Body:

Constructing the Stalinist Body Keith A. Livers, 2009-02-16 Constructing the Stalinist Body brings together contemporary body theory with studies on Stalinist ideology and cultural mythology in order to elucidate the complex problem of individual authorship within the context of Stalinist ideology of the 1930s and 40s Author Keith A Livers examines the ways in which Andrei Platonov Mikhail Zoshchenko Lev Kassil and other authors used corporeal imagery as a means of both resisting and furthering the idea of a Stalinist utopia and the ideologically purified body politic it aspired to produce The final chapter of the book looks at collective and popular representations of the Moscow subway completed in 1935 which was one of the most important construction projects of the 1930s and was at the same time portrayed as a microcosm of the ideal world of Socialism to come

How the Soviet Man Was Unmade Lilya Kaganovsky, 2010-06-15 In Stalinist Russia the idealized Soviet man projected an image of strength virility and unyielding drive in his desire to build a powerful socialist state In monuments posters and other tools of cultural production he became the demigod of Communist ideology But beneath the surface of this fantasy between the lines of texts and in film lurked another figure the wounded body of the heroic invalid the second version of Stalin's New Man In How the Soviet Man Was Unmade Lilya Kaganovsky exposes the paradox behind the myth of the indestructible Stalinist era male In her analysis of social realist literature and cinema she examines the recurring theme of the mutilated male body which appears with startling frequency Kaganovsky views this representation as a thinly veiled statement about the emasculated male condition during the Stalinist era Because the communist state was full of heroes a man could only truly distinguish himself and attain hero status through bodily sacrifice yet in his wounding he was forever reminded that he would be limited in what he could achieve and was expected to remain in a state of continued subservience to Stalin and the party Kaganovsky provides an insightful reevaluation of classic works of the period including the novels of Nikolai Ostrovskii How Steel Was Tempered and Boris Polevoi A Story About a Real Man and films such as Ivan Pyr'ev's The Party Card Eduard Pentslin's The Fighter Pilots and Mikhail Chiaureli's The Fall of Berlin among others The symbolism of wounding and dismemberment in these works acts as a fissure in the facade of Stalinist cultural production through which we can view the consequences of historic and political trauma

Building Stalinism Cynthia A. Ruder, 2018-01-30 Today the 80 mile long Moscow Canal is a source of leisure for Muscovites a conduit for tourists and provides the city with more than 60% of its potable water Yet the past looms heavy over these quotidian activities the canal was built by Gulag inmates at the height of Stalinism and thousands died in the process In this wide ranging book Cynthia Ruder argues that the construction of the canal physically manifests Stalinist ideology and that the vertical horizontal underwater ideological artistic and metaphorical spaces created by it resonate with the desire of the state to dominate all space within and outside the Soviet Union Ruder draws on theoretical constructs from cultural geography and spatial studies to interpret and contextualise a variety of structural and cultural products dedicated to and in praise of this signature Stalinist construction

project Approached through an extensive range of archival sources personal interviews and contemporary documentary materials these include a diverse body of artefacts from waterways structures paintings sculptures literary and documentary works and the Gulag itself Building Stalinism concludes by analysing current efforts to reclaim the legacy of the canal as a memorial space that ensures that those who suffered and died building it are remembered This is essential reading for all scholars working on the all pervasive nature of Stalinism and its complex afterlife in Russia today **Writers at Work** Mary A. The War Within Alexis Peri, 2017-01-02 Winner of the Pushkin House Russian Book Prize Winner of the University of Southern California Book Prize Honorable Mention Reginald Zelnik Book Prize Fascinating and perceptive Antony Beevor New York Review of Books Stand aside Homer I doubt whether even the author of the Iliad could have matched Alexis Peri's account of the 872 day siege which Leningrad endured Jonathan Mirsky The Spectator Powerful and illuminating A fascinating insightful and nuanced work Anna Reid Times Literary Supplement Much has been written about Leningrad's heroic resistance But the remarkable aspect of Peri's book is that she tells a very different story recounting the internal struggles of ordinary people desperately trying to survive and make sense of their fate John Thornhill Financial Times A sensitive at times almost poetic examination of their emotions and disordered mental states It both contrasts with and complements the equally accurate official Soviet portrait of a stalwart population standing firm in the face of evil and in defense of Soviet ideals Robert Legvold Foreign Affairs In September 1941 two and a half months after the Nazis invaded the Soviet Union the German Wehrmacht encircled Leningrad Cut off from the rest of Russia the city remained blockaded for 872 days at a cost of almost a million lives It was one of the longest and deadliest sieges in modern history The War Within chronicles the Leningrad blockade from the perspective of those who endured it Drawing on unpublished diaries Alexis Peri tells the tragic story of how young and old struggled to make sense of a world collapsing around them When the blockade was lifted in 1944 Kremlin officials censored publications describing the ordeal and arrested many of Leningrad's wartime leaders Some were executed Diaries now dangerous to their authors were concealed shelved in archives and forgotten The War Within recovers these lost accounts shedding light on one of World War II's darkest episodes while paying tribute the resilience of the human spirit **Cinematic Bodies of Eastern Europe and Russia** Ewa Mazierska, 2016-10-27 Bringing together a range of theoretical and critical approaches this edited collection is the first book to examine representations of the body in Eastern European and Russian cinema after the Second World War Drawing on the history of the region as well as Western and Eastern scholarship on the body the book focuses on three areas the traumatized body the body as a site of

erotic pleasure and the relationship between the body and history Critically dissecting the different ideological and aesthetic ways human bodies are framed *The Cinematic Bodies of Eastern Europe and Russia* also demonstrates how bodily discourses oscillate between complicity and subversion and how they shaped individuals and societies both during and after the period of state socialism *Ludmila Ulitskaya and the Art of Tolerance* Elizabeth Skomp, Benjamin M. Sutcliffe, 2015-06-11 Novelist Ludmila Ulitskaya is a best selling and critically lauded Russian writer who champions the values of liberalism and tolerance and critiques Putin's policies This is the first English language book about this important writer placing her in the shifting landscape of post Soviet society and culture *Lydia Ginzburg's Prose* Emily Van Buskirk, 2016-01-05 The Russian writer Lydia Ginzburg 1902-90 is best known for her *Notes from the Leningrad Blockade* and for influential critical studies such as *On Psychological Prose* investigating the problem of literary character in French and Russian novels and memoirs Yet she viewed her most vital work to be the extensive prose fragments composed for the desk drawer in which she analyzed herself and other members of the Russian intelligentsia through seven traumatic decades of Soviet history In this book the first full length English language study of the writer Emily Van Buskirk presents Ginzburg as a figure of previously unrecognized innovation and importance in the literary landscape of the twentieth century Based on a decade's work in Ginzburg's archives the book discusses previously unknown manuscripts and uncovers a wealth of new information about the author's life focusing on Ginzburg's quest for a new kind of writing adequate to her times She writes of universal experiences frustrated love professional failures remorse aging and explores the modern fragmentation of identity in the context of war terror and an oppressive state Searching for a new concept of the self and deeming the psychological novel a beloved academic specialty inadequate to express this concept Ginzburg turned to fragmentary narratives that blur the lines between history autobiography and fiction This full account of Ginzburg's writing career in many genres and emotional registers enables us not only to rethink the experience of Soviet intellectuals but to arrive at a new understanding of writing and witnessing during a horrific century **Transformation Metaphors in the "Soviet Moscow Text" of the 1920s and 1930s** Clint B. Walker, 2006 *Roll Over, Tchaikovsky!* Stephen Amico, 2014-06-15 Centered on the musical experiences of homosexual men in St Petersburg and Moscow this ground breaking study examines how post Soviet popular music both informs and plays off of a corporeal understanding of Russian male homosexuality Drawing upon ethnography musical analysis and phenomenological theory Stephen Amico offers an expert technical analysis of Russian rock pop and estrada music dovetailing into an illuminating discussion of homosexual men's physical and bodily perceptions of music He also outlines how popular music performers use song lyrics drag physical movements images of women sexualized male bodies and other tools and tropes to implicitly or explicitly express sexual orientation through performance Finally Amico uncovers how such performances help homosexual Russian men to create their own social spaces and selves in meaningful relation to others with whom they share a nontraditional orientation
