American Otherness in Journalism Angie Chuang, 2025-10-15 Offering a critical insight into the production gatekeeping and consumption of news in contemporary American society American Otherness in Journalism lays bare embedded cultural beliefs via mainstream news media to ask who gets to be represented as American and why In this book Angie Chuang argues that ever since the early 20th century when the idea of The Racial Melting Pot

became popularized the dominant culture conceptualization of American identity is such that some residents have always been perceived as more American than others Combining close textual analysis of high profile case studies with media theories of false balance stereotypical selection default Whiteness and the protest paradigm Chuang demonstrates how news media practices have created a cultural context that excludes some Americans from fully belonging to American identity The nine news media case studies in *American Otherness in Journalism* span the first two decades of this century bracketed by the 9 11 terrorist attacks and the COVID 19 pandemic These narratives include news coverage of the undocumented mostly Latine youth pursuing residency through the DREAM Act DACA the Barack Obama birther debate the Charlottesville Unite the Right rally the Atlanta spa shootings and Breonna Taylor s killing prior to the 2020 summer of protest Showing how longstanding multicultural ideals about Americanness and racial equity were exposed dismantled and re examined in the news during this period this critical study provides a new analytical vocabulary with which to understand vital and difficult issues of Self and Other in our time An essential read for students practitioners and scholars of race reporting in the U S context this book will be of interest to anyone studying or researching issues of diversity in the media

Countering MTV Influence in Indonesia and Malaysia Kalinga Seneviratne, 2012 This book discusses three major elements MTV the Music of Malaysia and the Music of Indonesia and how these three interact in the modern cultural setting The research objective behind the book was to study the impact of globalization in the form of the MTV onslaught on the youth musical culture and identities of Indonesia and Malaysia and to determine what theoretical basis could explain the new cultural products which have risen in response to this process The book goes on to examine whether the nasyid and irama Malaysia music genres in Malaysia and dangdut in Indonesia are part of this process and how it is achieved

Reacting to Reality Television Beverley Skeggs, Helen Wood, 2012 The unremitting explosion of reality television across the schedules has become a sustainable global phenomenon generating considerable popular and political fervour The zeal with which television executives seize on the easily replicated formats is matched equally by the eagerness of audiences to offer themselves up as television participants for others to watch and criticise But how do we react to so many people breaking down fronting up tearing apart dominating empathising humiliating and seemingly laying bare their raw emotion for our entertainment Do we feel sad when others are sad Or are we relieved by the knowledge that our circumstances might be better As reality television extends into the experiences of the everyday it makes dramatic and often shocking the mundane aspects of our intimate relations inviting us as viewers into a volatile arena of mediated morality This book addresses the impact of this endless opening out of intimacy as an entertainment trend that erodes the traditional boundaries between spectator and performer demanding new tools for capturing television s relationships with audiences Rather than asking how the reality television genre is interpreted as text or representation the authors investigate the politics of viewer encounters as interventions evocations and more generally mediated social relations The authors show how different reactions can involve

viewers in tournaments of value as women viewers empathise and struggle to validate their own lives The authors use these detailed responses to challenge theories of the self governmentality and ideology A must read for both students and researchers in audience studies television studies and media and communication studies **Routledge Handbook of Football Studies** John Hughson, Kevin Moore, Ramón Spaaij, Joseph Maguire, 2016-10-04 Football is unquestionably the world's most popular and influential sport There is no corner of the globe in which the game is not played or followed More countries are affiliated to FIFA football's governing body than to the United Nations The sport has therefore become an important component of our social cultural political and economic life The Routledge Handbook of Football Studies is a landmark work of reference going further than any other book in considering the historical and contemporary significance of football around the world Written by a team of leading sport scholars the book covers a broad range of disciplines from history sociology politics and business to philosophy law and media studies The central section of the book examines key themes and issues in football studies such as the World Cup and international competition governance and ownership fandom and celebrity The concluding section offers in depth surveys of the culture and organisation of football in each of the regional confederations from UEFA to CONCACAF This book will be fascinating reading for any serious football fan and an essential resource for advanced students or scholars undertaking research in football or sport studies and any practitioner or policy maker working in football *Feminist Media Studies* Liesbet van Zoonen, 1994-07-28 An introduction to the relation between media culture and gender
