## **Calgary Architecture The Boom Years 1972 1982:**

**Calgary Architecture** Pierre S. Guimond, Brian R. Sinclair, 1984      *The Geometry of Urban Layouts* Mahbub Rashid, 2016-06-16 This book presents a compendium of the urban layout maps of 2 mile square downtown areas of more than one hundred cities in developed and developing countries all drawn at the same scale using high resolution satellite images of Google Maps The book also presents analytic studies using metric geometrical topological or network and fractal measures of these maps These analytic studies identify ordinaries extremes similarities and differences in these maps investigate the scaling properties of these maps and develop precise descriptive categories types and indicators for multidimensional comparative studies of these maps The findings of these studies indicate that many geometric relations of the urban layouts of downtown areas follow regular patterns that despite social economic and cultural differences among cities the geometric measures of downtown areas in cities of developed and developing countries do not show significant differences and that the geometric possibilities of urban layouts are vastly greater than those that have been realized so far in our cities      **Gordon Atkins** Graham Livesey, 2005 Included in the book is an essay exploring Gordon Atkins role as an architect an interview with Atkins that explores in detail his design philosophy formative training and upbringing This highly illustrated volume features sixteen projects that span most of his career Jacket      **Unbuilt Calgary** Stephanie White, 2012-11-03 Unbuilt Calgary is a survey of projects proposed but not built that were situated at critical times in Calgary s development projects that indicate the city s ambitions through its first 100 years It looks back to ideas and schemes that could have changed the shape of this vibrant city      **Calgary's Grand Story** Donald B. Smith, 2005 Calgary was a boomtown of 50 000 people in 1912 the year the Lougheed Building and the adjacent Grand Theatre were built Through the great days of Vaudeville and classic cinema through the Depression two world wars and the oil and gas boom the Lougheed and the Grand were cornerstones of downtown Calgary As the city grew up around them questions about their future arose Complemented by over 140 historical images Calgary s Grand Story is a fascinating tribute to the Lougheed and the Grand and celebrates their unrivalled position in the city s political economic and cultural history      Calgary Architecture Pierre S. Guimond, Brian R. Sinclair, 1984      **Calgary , Canadian Architecture, Alberta** Anthony G. White, 1990      Suburban Modern Robert M. Stamp, 2004 While avant garde modernism disrupted the art salons architecture schools and design studios of the world s more sophisticated urban centres in the 20th century Calgary slept through the cultural upheavals as a provincial backwater Calgary s initiation to modernism might be dated to February 13 1947 when Imperial Oil blew in its famous well at Leduc Or the 1948 football season when Tom Brooks and Les Lear wrapped the Calgary Stampeders football team around an innovative and modernist looking T formation backfield to win the Grey Cup Calgarians embraced the modern age after the Second World War taking modernism into the streets and into the suburbs They went beyond art architecture and design and redefined modernism to include homes furniture appliances and cars In the process Calgarians

democratized feminized and suburbanized modernism Suburban Modern examines controversies over coloured margarine and mixed drinking in post war Calgary It shows how new petro office buildings transformed the downtown skyline during the 1950s and 1960s and how new bus lines roads and bridges changed the city s transportation network As the city sprawled horizontally to engulf its ever expanding suburbs shoppers deserted downtown for suburban malls The book follows young couples into their post war dream homes with modern furnishings and barbecue appointed patios Suburban Modern argues that the suburbs rather than the downtown defined Calgary s approach to modernism     The Canadian Architect
