form of science fiction that John Wyndham once called logical fantasy What would it be like if extra terrestrials made contact with people on Earth How would it feel Like 2001 A Space Odyssey 1968 Steven Spielberg s primary inspiration CE3K is concerned with mankind s evolution towards the stars towards a state of transcendence But Spielberg s vision hinges not so much on cool scientific intellect being the key to our next stage of evolution as on the necessary development of emotional intelligence To that end we must regain our childlike curiosity for what lies beyond the skies we must recover our capacity to experience wonder Intensity of emotion is inherent to the film s meaning and the aim of this book is to explore this in detail Along the way it delves into the film s production history explores Spielberg s remarkable cinematic realisation of the film including a comparison study of the three different release versions and considers in detail how CE3K fits into the Spielberg oeuvre
