Dexter And Philosophy Mind Over Spatter Popular Culture And Philosophy:

Dexter and Philosophy Richard Greene, George A. Reisch, Rachel Robison, 2011-04-12 What explains the huge popular following for Dexter currently the most watched show on cable which sympathetically depicts a serial killer driven by a cruel compulsion to brutally slay one victim after another Although Dexter Morgan kills only killers he is not a vigilante animated by a sense of justice but a charming psychopath animated by a lust to kill ritualistically and bloodily However his gory appetite is controlled by Harry's Code which limits his victims to those who have gotten away with murder and his job as a blood spatter expert for the Miami police department gives him the inside track on just who those legitimate targets may be In Dexter and Philosophy an elite team of philosophers don their rubber gloves and put Dexter's deeds under the microscope Since Dexter is driven to ritual murder by his Dark Passenger can he be blamed for killing especially as he only murders other murderers Does Dexter fit the profile of the familiar fictional type of the superhero What part does luck play in making Dexter who he is How and why are horror and disgust turned into aesthetic pleasure for the TV viewer How essential is Dexter's emotional coldness to his lust for slicing people up Are Dexter's lies and deceptions any worse than the lies and deceptions of the non criminals around him Why does Dexter long to be a normal human being and why can't he accomplish this apparently simple goal

Halo and Philosophy Luke Cuddy, 2011-04-12 Since the Doom series First Person Shooter FPS videogames have ricocheted through the gaming community often reaching outside that community to the wider public While critics primarily lampoon FPSs for their aggressiveness and on screen violence gamers see something else Halo is one of the greatest most successful FPSs ever to grace the world of gaming Although Halo is a FPS it has a science fiction storyline that draws from previous award winning science fiction literature It employs a game mechanic that limits the amount of weapons a player can carry to two and a multiplayer element that has spawned websites like Red vs Blue and games within the game created by players themselves Halo's unique and extraordinary features raise serious questions Are gamers really doing anything wrong Does Halo's music match the experience of the gamer Would Plato have used Halo to train citizens to live an ethical life What sort of Artificial Intelligence exists in Halo and how is it used Can the player's experience of war tell us anything about actual war Is there meaning to Master Chief's rough existence How does it affect the player's ego if she identifies too strongly with an aggressive character like Master Chief Is Halo really science fiction Can Halo be used for enlightenment oriented thinking in the Buddhist sense Does Halo's weapon limitation actually contribute to the depth of the gameplay When we willingly play Halo only to die again and again are we engaging in some sort of self injurious behavior What is expansive gameplay and how can it be informed by the philosophy of Michel Foucault In what way does Halo's post apocalyptic paradigm force gamers to see themselves as agents of divine deliverance What can Red vs Blue teach us about personal identity These questions are tackled by writers who are both Halo cognoscenti and active philosophers with a foreword by renowned Halo fiction author Fred Van Lente and an afterword by leading games scholar

and artist Roger Ngim **Divergent and Philosophy** Courtland Lewis,2015-12-01 Courtland Lewis has scoured the planet to bring together the most talented faction members factionless and even a few from the Bureau to discuss the philosophy of Divergent Divergent and Philosophy begins by examining the personal struggles that all people face at some time What sort of person should I be What if I find out my life is a lie What do I owe my parents Am I normal Once readers have finished answering these questions they re ready for the choosing ceremony Part two examines each faction looking at its virtues vices and other features that will help readers pick the right faction This part gives readers a glimpse into what it s like to be faced with the most important decision of our lives the one that will forever determine who we are Part three takes a step back in order to question Chicago s ordering of society Chicago is on the verge of revolution but is this the result of the faction system itself or is it the people within the factions that are behind the social discord Part four shifts the focus individuals and those who hold power Part five tells us how to recognize injustice *Dracula and Philosophy* Nicolas Michaud,Janelle Pötzsch,2015-07-14 Twenty four nocturnal philosophers stake out and vivisect Dracula from many angles unearthing evidence from numerous movies and shows macabre terrifying tragic and comic Altmann decides whether Dracula can really be blamed for his crimes since it s his nature as a vampire to behave a certain way Arp argues that Dracula s addiction to live human blood dooms him to perpetual misery Karavitis sees Dracula as a Randian individual pitted against the Marxist collective Ketcham contrives a meeting between Dracula and the Jewish theologian Maimonides Littmann maintains that if we disapprove of Dracula s behavior we ought to be vegetarians Mahon uses the example of Dracula to resolve nagging problems about the desirability of immortality McCrossin and Wolfe disinter some of the re interpretations of this now mythical character and asks whether we can identify an essential Dracula Pramik shows how the Dracula tale embodies Kierkegaard s three stages of life Barkman and Versteeg ponder what it would really feel like to be Dracula The Greens publish some previous unknown letters between Dracula and Camus s Meursault Vuckovich looks at the sexual morality of characters in the Dracula saga De Waal explains that Dragula is scary because every time this being appears it causes gender trouble **Planet of the Apes and Philosophy** John Huss,2013-05-20 What makes humans different from other animals what humans are entitled to do to other species whether time travel is possible what limits should be placed on science and technology the morality and practicality of genetic engineering these are just some of the philosophical problems raised by Planet of the Apes Planet of the Apes and Philosophy looks at all the deeper issues involved in the Planet of the Apes stories It covers the entire franchise from Pierre Boulle s 1963 novel Monkey Planet to the successful 2012 reboot Rise of the Planet of the Apes The chapters reflect diverse points of view philosophical religious and scientific The ethical relations of humans with animals are explored in several chapters with entertaining and incisive observations on animal intelligence animal rights and human animal interaction Genetic engineering is changing humans animals and plants raising new questions about the morality of such interventions The scientific recognition that humans and chimps share 99 percent of

their genes makes a future in which non human animals acquire greater importance a distinct possibility Planet of the Apes is the most resonant of all scientific apocalypse myths

The Princess Bride and Philosophy Richard Greene, Rachel Robison-Greene, 2015-11-14 The Princess Bride is the 1987 satirical adventure movie that had to wait for the Internet and DVDs to become the most quoted of all cult classics The Princess Bride and Philosophy is for all those who have wondered about the true meaning of Inconceivable why the name Roberts uniquely inspires fear and whether it s truly a miracle to restore life to someone who is dead but not necessarily completely dead The Princess Bride is filled with people trying to persuade each other of various things and invites us to examine the best methods of persuasion It s filled with promises some kept and some broken and cries out for philosophical analysis of what makes a promise and why promises should be kept It s filled with beliefs which go beyond the evidence and philosophy can help us to decide when such beliefs can be justified It s filled with political violence both by and against the recognized government and therefore raises all the issues of political philosophy Westley Buttercup Prince Humperdinck Inigo Montoya the giant Fezzik and the Sicilian Vizzini keep on re appearing in these pages as examples of philosophical ideas Is it right for Montoya to kill the six fingered man even though there is no money in the revenge business What s the best way to deceive someone who knows you re trying to deceive him Are good manners a kind of moral virtue Could the actions of the masked man in black truly be inconceivable even though real What does ethics have to say about Miracle Max s pricing policy How many shades of meaning can be conveyed by As You Wish

Curb Your Enthusiasm and Philosophy Mark Ralkowski, 2012 What makes Larry a monster and why doesn t he know that he s a monster This title discusses philosophical answers to these questions It also discusses the ethical and existential issues such as whether Larry is a bad apple or perhaps worth emulating

Transformers and Philosophy John R. Shook, Liz Stillwaggon Swan, 2012-03-30 Transformers began with toys and a cartoon series in 1984 and has since grown to include comic books movies and video games its science fiction story has reached an audience with a wide range second only to that of Star Wars Here in Transformers and Philosophy a dream team of philosophers pursues the fascinating questions posed by humankind s encounter with an artificially intelligent mechanical civilization Is genuine artificial intelligence possible Would a robotic civilization come with its own morality and artistic life and would it find a need for romantic love Should we be more careful about developing robots that may eventually develop ideas of their own Transformers and Philosophy puts Transformers under a microscope and exposes its philosophical implications in an instantly readable way

The Philosophy of Joss Whedon Dean A. Kowalski, S. Evan Kreider, 2011-12-21 Every generation produces a counterculture icon Joss Whedon creator of the long running television series Buffy the Vampire Slayer is famed for his subversive wit rich characters and extraordinary plotlines His renown has only grown with subsequent creations including Angel Firefly Dollhouse and the innovative online series Dr Horrible s Sing Along Blog Through premises as unusual as a supernatural detective agency run by a vampire and a Western set in outer space Whedon weaves stories about

characters forced to make commonplace moral decisions under the most bizarre of circumstances The Philosophy of Joss Whedon examines Whedon's plots and characterizations to reveal their philosophical takes on the limits of personal freedom sexual morality radical evil and Daoism

Poker and Philosophy Eric Bronson, 2012-03-30 Does God play cards with the universe Do women have better poker faces than men What's the most existential poker movie ever made Is life more meaningful when you go all in Is online poker really still poker Poker and Philosophy ponders these questions and more pitting young lions against old masters as the brashness of Phil Hellmuth meets the arrogance of Socrates the recklessness of Doyle Brunson challenges the desperation of Dostoyevsky and the coolness of Chris Moneymaker takes on the American tradition of capitalist ingenuity This witty collection of essays demonstrates what serious card sharks have long known winning big takes more than a good hand and a straight face Stacking the metaphorical deck with a serious grounding in philosophy is the key to raking it in because as Machiavelli proved long ago it's a lot better to be feared than loved and lying is not the same as cheating

Eventually, you will entirely discover a additional experience and success by spending more cash. still when? pull off you assume that you require to acquire those every needs when having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to understand even more around the globe, experience, some places, like history, amusement, and a lot more?

It is your very own time to put-on reviewing habit. in the middle of guides you could enjoy now is **Dexter And Philosophy Mind Over Spatter Popular Culture And Philosophy** below.
