Clutter Free Frugal Life Rationalize Declutter:

Clutter-Free Frugal Life Ronda Powell, 2015-12-18 People are afraid of the phrase living frugally They get all sorts of scary pictures of deprivation in their heads They dig in and refuse to even consider downsizing for instance for fear of not having enough But on the other hand they dream of a simpler cheaper lifestyle in which they can work less if they choose because their needs are so inexpensive they don't have to create a full time income anymore Living frugally is a philosophy a set of common sense conscious choices about how one spends money and what kinds of possessions one owns We can all benefit from some sort of conscious frugality with no deprivation whatsoever In this book you'll read how to downsize if you choose to How to eat better for less money if you wish to How to dress and groom for pennies on the dollar if that interests you How to differentiate between being cheap and being a Frugal Philosopher
