Cheers And Tears A Marines Story Of Combat In Peace And War:

Cheers and Tears Charles G. Cooper, 2002 Cheers and Tears the memoirs of Lieutenant General Charles G Cooper U S Marine Corps Retired details one man s amazing rise in the armed forces a man who witnessed the genesis of the Vietnam War from where it started *Hill 119* Michael O. Fallon, 2025-08-15 You cannot read Fallon s book without gaining tremendous respect for those Marines who fought with courage and skill and served honorably where their country asked them to I strongly recommend Hill 119 for those who wish to gain additional insight into the Vietnam war and how it was fought W E Boomer General U S Marine Corps Ret The Marines and Corpsmen of Delta Company 1st Reconnaissance Battalion 1st Marine Division were surrounded by the North Vietnamese Army NVA for six hundred days in 1969 and 1970 during the Vietnam War Hill 119 is a rise on a finger of land Located twenty eight kilometers south of Da Nang that overlooks the Thu Bon River Basin and Go Noi Island The hill provided Marines with an excellent 360 degree view of the region that was known as Indian Country and so it was occupied as an Observation Post Its original mission was to support Operation Taylor Common Task Force Yankee s push west into Gen Binh s Base Area 112 The Observation Post produced immediate results with supporting arms inflicting casualties on the NVA Based on its immediate and enduring success as a tactical obstacle for the NVA the OP became a key piece in the defense of the Da Nang Vital Area The Marines called supporting arms every day and every night They rained fire down on the North Vietnamese Army NVA and killed over a thousand enemy fighters They posed such a threat that Gen Binh assigned his elite T89 Sapper Battalion to eliminate the Recon Marines on Hill 119 Throughout this period as part of a six man team each Recon Marine would run multiple adrenaline filled patrols deep into enemy territory in small teams for six weeks and then serve for two weeks on the OP Despite its danger the Marines considered OP duty as a relaxing break This first full account of Hill 119 written by historian Michael Fallon who served as reconnaissance patrol leader on Hill 119 is based upon firsthand accounts from the Recon Marines carefully cross referenced with patrol reports and command chronologies It covers the Marines experiences in the bush on the hill and in the rear The role of new battalion commanders with their changing tactics is discussed the six officers impacted the battalion with their personalities as well as their planning and execution of the changing missions with the always changing enemy situation from classic Keyhole snoop and poop patrols to aggressive Stingray patrols designed to inflict casualties

The Vietnam War was a tragic and dismal failure at least that is what the mainstream media and history books would have you believe Yet Phillip Jennings sets the record straight in The Politically Incorrect Guide to the Vietnam War In this latest P I G Jennings shatters culturally accepted myths and busts politically incorrect lies that liberal pundits and leftist professors have been telling you for years The Vietnam War was the most important and successful campaign to defeat Communism Without the sacrifices made and the courage displayed by our military the world might be a different place The Politically Incorrect Guide to the Vietnam War reveals the truth about the battles players and policies of one of the most controversial wars in U S history

[Invasion of Laos, 1971](#) Robert D. Sander, 2014-02-26 In 1971 while U S ground forces were prohibited from crossing the Laotian border a South Vietnamese Army corps with U S air support launched the largest airmobile operation in the history of warfare Lam Son 719 The objective to sever the North Vietnamese Army's main logistical artery the Ho Chi Minh Trail at its hub Tchepone in Laos an operation that according to General Creighton Abrams could have been the decisive battle of the war hastening the withdrawal of U S forces and ensuring the survival of South Vietnam The outcome defeat of the South Vietnamese Army and heavy losses of U S helicopters and aircrews but a successful preemptive strike that met President Nixon's near term political objectives Author Robert Sander a helicopter pilot in Lam Son 719 explores why an operation of such importance failed Drawing on archives and interviews and firsthand testimony and reports Sander chronicles not only the planning and execution of the operation but also the maneuvers of the bastions of political and military power during the ten year effort to end Communist infiltration of South Vietnam leading up to Lam Son 719 The result is a picture from disparate perspectives the Kennedy Johnson and Nixon administrations the South Vietnamese

government led by President Nguyen Van Thieu and senior U S military commanders and army aviators Sander s conclusion is at once powerful and persuasively clear Lam Son 719 was doomed in both the planning and execution a casualty of domestic and international politics flawed assumptions incompetent execution and the resolve of the North Vietnamese Army A powerful work of military and political history this book offers eloquent testimony that failure like success cannot be measured in absolute terms Soviet Submachine Guns of World War II Chris McNab,2014-05-20 The submachine gun SMG came to be the embodiment of the Soviet fighting spirit during World War II From 1943 the Red Army s preference for close quarters combat resulted in entire infantry units being equipped with nothing but SMGs By deploying multiple SMG armed companies and battalions the Red Army was able to develop ferocious firepower in urban warfare and position assaults the soldiers keeping within the SMG s effective range of about 150m to nullify the German skills in armoured and manoeuvre warfare artillery support and aerial bombardment Featuring expert analysis and an array of specially commissioned full colour artwork this engaging study explains the history use and development of Soviet wartime SMGs in detail It gives particular focus to the tactical applications of these weapons in combat and how they compared to firearms wielded by their German opponents With numerous first hand combat accounts and detailed technical explanations this book is ideal for both the general reader and the firearms enthusiast The Run-Up to the Punch Bowl John Nolan,2006-08-23 The noted author and literary scholar Samuel Hynes has remarked that there has been no great book on the Korean War a significant gap in American military letters It may be hoped that this account will help to meet at least part of that challenge This is a narrative of John Nolans experience as a Marine rifle platoon leader in Korea in 1951 the pivotal year of the Korean War Much of it reads like a journal but it also includes the experiences of a half dozen other Marine lieutenants fighting through the fog shrouded mountains of the East Central front during the year the war turned around Individually their heroism marked some of the top combat events of that time Taken together these accounts tell the story of fighting that year when the last Chinese offensive was stopped cold and the UN forces slugged their way back over the 38th parallel to the final line that exists today more than a half century later The lieutenants came from all over and were educated at the Naval Academy Notre Dame Miami University and College of the Pacific As Marine rifle platoon leaders they were all wounded some several times and abundantly decorated And since Korea their lives have spanned a broad range of experience Charlie Cooper retired as Commanding General Fleet Marine Force Pacific Joe Reed was a top executive at AT Jim Marsh left his enduring mark on the Marine Corps and the vast new USMC building at Quantico is named for him Walter Murphy a leading educator author and novelist was the McCormick Professor of Jurisprudence at Princeton Bill Rockey had a distinguished Marine Corps career as did his father before him Eddie LeBaron was voted early into the College Football Hall of Fame and later led the NFL in passing during his years with the Washington Redskins and the Dallas Cowboys John Nolan has practiced law in Washington D C since shortly after returning from Korea What People Are Saying Great book John Nolan has written a

Robbins,2012-10-16 Most of what Americans have heard about the Tet Offensive is wrong The brief battles in early 1968 during the Vietnam conflict marked the dividing line between gradual progress toward possible victory and slow descent to a humiliating defeat That the enemy was handily defeated on the ground was considered immaterial that it could mount attacks at all was deemed a military triumph for the Communists This persistent view of Tet is a defeatist story line that continues to inspire America s foreign enemies and its domestic critics of the use of force abroad In **This Time We Win** James S Robbins at last provides an antidote to the flawed Tet mythology still shaping the perceptions of American military conflicts against unconventional enemies and haunting our troops in combat In his re examination of the Tet Offensive Robbins analyzes the Tet battles and their impact through the themes of terrorism war crimes intelligence failure troop surges leadership breakdown and media bias The result is an explosion of the conventional wisdom about this infamous surge one that offers real lessons for today s unconventional wars Without a clear understanding of these lessons we will find ourselves refighting the Tet Offensive again and again Victory at Risk Michael Davidson,2009-02-15 Our combat readiness to fight a

conventional war is in freefall This is the alarm sounded with clarity authority and conviction in **Victory at Risk** a veteran Army officer and policymaker s deeply disturbing critique of today s U S military establishment Major General Michael W Davidson a decorated combat veteran and one of our most distinguished Army commanders describes an America in grave danger a nation whose ability to bring peace and stability to trouble spots around the world has become seriously compromised as we have strayed from the bedrock sources of our past victories As General Davidson shows the force that

triumphed in Desert Storm was the muscular remnant of the Cold War military But today s leaner military does not have the capacity to withstand misuse A passionate and informed spokesman for the military the general describes a Pentagon that does not work a White House that has politicized decision making and a Congress that has abdicated its responsibility for declaring war on behalf of the American people Drawing on the core lessons of the history of the United States Davidson identifies the strengths that have brought victory and traces the path that has led us astray He argues in plain and commanding terms that our readiness to win futures wars against China Pakistan Iran or any other threat around the world requires a reconsideration not only of weapons and strategy but also of the national interests and obligations that compel us to arms *Destiny! in the Land of Morning Calm* Tom Arthur,2010-07-15 Poignant well crafted and emotional this is an epic military experience and one man s personal journey a man who will gain your respect and heart
