Colonial Voices The Anglo African High Romance Of Empire:

Colonial Voices Gerald Monsman, 2021-11-09 *Beyond Gold and Diamonds* Melissa Free, 2021-03-01 *Beyond Gold and Diamonds* demonstrates the importance of southern Africa to British literature from the 1880s to the 1920s from the rise of the systematic exploitation of the region's mineral wealth to the aftermath of World War I. It focuses on fiction by the colonial born Olive Schreiner, southern Africa's first literary celebrity, as well as by H. Rider Haggard, Gertrude Page and John Buchan, its most influential authorial informants: British authors who spent significant time in the region and wrote about it as insiders. Tracing the ways in which generic innovation enabled these writers to negotiate cultural and political concerns through a uniquely British South African lens, Melissa Free argues that British South African literature constitutes a distinct field, one that overlaps with but also exists apart from both a national South African literary tradition and a tradition of South African literature in English. The various genres that British South African novelists introduced—the New Woman novel, the female colonial romance, the Rhodesian settler romance, and the modern spy thriller—anticipated metropolitan literary developments while consolidating Britain's sense of its own dominion in a time of increasing opposition. **King Solomon's Mines** H. Rider Haggard, 2016-02-11 Don't you see that we are buried alive? When Allan Quatermain is approached by Sir Henry Curtis and his friend Captain Good to search for Sir Henry's missing brother deep in the African interior, he agrees to lead their expedition. Quatermain has a map to the fabled King Solomon's Mines, whose treasure the missing man sought to attain. Their journey takes them to Kukuanaaland, where they find a warrior tribe in thrall to King Twala. Soon the white men are embroiled in a desperate tribal battle, and Quatermain's expedition can only reach its goal with the aid of Gagool, the ancient mother no one trusts. Haggard's exciting adventure story captivated readers when it was first published in 1885. It helped inaugurate a wave of lost world romances inspired by the exploits of British explorers in colonial Africa. This new edition looks at Haggard's own African experiences and unlikely literary success and his ambivalent attitude to the native tribes and the ravages of the British Empire. ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more. *The New Journalism, the New Imperialism and the Fiction of Empire, 1870-1900* Andrew Griffiths, 2015-08-25 Aggressive policy, enthusiastic news coverage, and sensational novelistic style combined to create a distinctive image of Britain's Empire in late Victorian print media. *The New Journalism, the New Imperialism and the Fiction of Empire, 1870-1900* traces this phenomenon through the work of editors, special correspondents, and authors. **King Solomon's Mines** Henry Rider Haggard, 2016 Allan Quatermain leads an expedition in search of a missing man and the fabled King Solomon's mines in deepest Africa. His exciting adventures captivated readers, and this new edition looks at Haggard's own African experiences and colonial

Colonial Literature and the Native Author Jane Stafford, 2016-12-20 This book is the first study of writers who are both Victorian and indigenous who have been educated in and write in terms of Victorian literary conventions but whose indigenous affiliation is part of their literary personae and subject matter What happens when the colonised indigenous or native subject learns to write in the literary language of empire If the romanticised subject of colonial literature becomes the author is a new kind of writing produced or does the native author conform to the models of the coloniser By investigating the ways that nineteenth century concerns are adopted accommodated rewritten challenged re inscribed confronted or assimilated in the work of these authors this study presents a novel examination of the nature of colonial literary production and indigenous authorship as well as suggesting to the discipline of colonial and postcolonial studies a perhaps unsettling perspective with which to look at the larger patterns of Victorian cultural and literary formation

The German Empire, 1860-1914 and the Unity Movement William Harbutt

Dawson, 1966 *Environing Empire* Martin Kalb, 2022-04-08 Even leaving aside the vast death and suffering that it wrought on indigenous populations German ambitions to transform Southwest Africa in the early part of the twentieth century were futile for most. For years colonists wrestled ocean waters, desert landscapes and widespread aridity as they tried to reach inland in their effort of turning outwardly barren lands into a profitable settler colony. In his innovative environmental history Martin Kalb outlines the development of the colony up to World War I, deconstructing the common settler narrative all to reveal the importance of natural forces and the Kaiserreich's everyday violence.
