

A 24-Carrot Salute to
CHUCK REDUCKS

"If I could have been created again, I would want to be a Chuck Jones creation. I'd have great character, great timing, and the laughs would never stop coming. He's the best."

—Whoopi Goldberg

"Chuck's work has always had wit, intelligence, and real storytelling passion. His Road Runner and Coyote cartoons are a perfect example of classic comedic timing and suspense. When I am directing a scene, I often refer to a Chuck Jones moment."

—Ron Howard, director of *Apollo 13*

"Chuck Jones is one of the great comedy directors of all time, regardless of medium."

—Michael Mallory, *Variety*

"Chuck Jones is in a class by himself—super cartoonist, animator, author. He is truly a national treasure."

—"Herblock," editorial cartoonist for the *Washington Post*

"Chuck Jones once said to me that a comedian should not *act* funny, he should *be* funny. There's a difference between trying and being. Chuck Jones was born genetically joyful. He can't be any other way."

—Ray Bradbury

toiled in dark cramped working environments for long hours and low pay especially at the emergence of the art form early in the twentieth century In *Drawing the Line* veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit The former president of America's largest animation union Sito offers a unique insider's account of animators' struggles with legendary studio kingpins such as Jack Warner and Walt Disney and their more recent battles with Michael Eisner and other Hollywood players Based on numerous archival documents personal interviews and his own experiences Sito's history of animation unions is both carefully analytical and deeply personal *Drawing the Line* stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry's past present and future Like most elements of the modern commercial media system animation is rapidly being changed by the forces of globalization and technological innovation Yet even as pixels replace pencils and bytes replace paints the working relationship between employer and employee essentially remains the same In *Drawing the Line* Sito challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form
