Church History In Plain Language Study Guide:

Church History in Plain Language Workbook Bruce Shelley, Stacey Shelley Lingle, 2022-08-30 This workbook is designed to accompany the fifth edition of Bruce Shelley's *Church History in Plain Language*. Following the textbook's structure, this workbook offers discussion questions for group and personal reflection, assessments, activities, and resources for further study, all of which reinforce the textbook's teaching and support the students' learning experience. The newest edition of Bruce Shelley's *Church History in Plain Language* brings the story of global Christianity into the twenty-first century. In this fifth edition, Marshall Shelley assembled a team of historians, historical theologians, and editors to revise and update his father's classic text. As a result, it now includes important stories of the development of Christianity in Asia, India, and Africa, both in the early church as well as in the twentieth and twenty-first centuries. It also highlights the stories of women and non-Europeans who significantly influenced the development of Christianity but whose contributions are often overlooked in overviews of church history. Covering recent events, this book also details the rapid growth of Christianity in the southern hemisphere, examines the influence of technology on the spread of the gospel, discusses how Christianity intersects with other religions in countries all over the world. Together with this workbook companion, the new edition of *Church History in Plain Language* provides an easy-to-read guide to global Christianity and promises to set a new standard for readable church history.

Sacred Pathways Bible Study Guide Gary Thomas, 2021-04-27 Discover new ways of connecting with God by understanding how he uniquely created you to worship him. The *Sacred Pathways* video study will help you learn how you naturally express yourself in your relationship with God, how to develop new ways of drawing near to him, key biblical figures who share your spiritual temperament, how to understand others who connect with the Creator differently, and as believers in Christ, many of us today fall into the trap of thinking we have to approach God in a certain way. But our Creator made us all unique, and he designed us to connect with him in our own ways. For some, this might look like quiet contemplation; others express praise through caregiving or theological discussions. It's important to discover the particular pathway that will best help you to experience God's presence. Bestselling author and speaker Gary Thomas reveals nine distinct spiritual temperaments to give you insight into how you naturally worship and how your personal walk with God might look different from those around you. Unlike the Enneagram and other personality assessment tools, *Sacred Pathways* gives you tools to investigate how you naturally relate to God. You will discover the strengths and impulses in your devotional approach so that you can eliminate the barriers that keep you locked into scripted methods of worship and praise. There is one thing that each of us as Christians can do that nobody else can: give our personal love and affection to God. This Study Guide includes discussion questions, reflection questions, and a personal assessment test to discover your pathway. Personal Bible study for between sessions. A guide with best practices for leading groups. Sessions include: The Journey of the Soul, Introduction to the Pathways, Pathways of Wonder, the Naturalist, Sensate, and Traditionalist, Pathways of Contemplation, the Intellectual, Ascetic

and Contemplative Pathways of Action the Caregiver Activist and Enthusiast Tending the Garden of the Soul How the Pathways Apply to Your Life Designed for use with the Sacred Pathways Video Study available on DVD or streaming video sold separately Church History in Plain Language Bruce Shelley,2013-12-10 Church History in Plain Language makes church history clear memorable and accessible to every reader Dr Bruce Shelley makes church history come alive in this classic book that has become not only the first choice of many laypeople and church leaders but the standard text in many college classrooms Church History in Plain Language treats history as the story of people their motivations the issues they grapple with the decisions they make and the result is that history reads like a story almost as dramatic and moving as a novel This fourth edition revised by R L Hatchett brings the story of Christianity into the twenty first century with detailed information on Theology of the early church and Reformation Gnosticism and its ongoing relevance The rapid global extension and transformation of Christianity since 1900 The decline in traditional mainline denominations The influence of technology on the spread of the gospel How Christianity intersects with other religions in countries all over the world Church History in Plain Language makes history easy to follow and retain by dividing the Christian story into the great ages of the church Its clarity organization and historical accuracy are part of what make this book a go to resource for today s readers
