□□□□ Ryōji Kuroda,Takeshi Murayama,2002-09 The authors offer a comprehensive visual kiln by kiln survey of Shino and Oribe ware Illustrations The Grain of the Clay Allen S. Weiss,2016-09-15 Ceramics give pleasure to our everyday lives from the beauty of a vase s elegant curves to the joy of a meal served upon a fine platter Ceramics originate in a direct engagement with the earth and maintain a unique place in the history of the arts In this book Allen S Weiss sharpens our perception of and increases our appreciation for ceramics all the while providing a critical examination of how and why we collect them Weiss examines the vast stylistic range of ceramics and investigates both the theoretical and personal reasons for viewing using and collecting them Relating ceramics to other arts and practices especially those surrounding food he explores their different uses such as in the celebrated tea ceremony of Japan Most notably he considers how works previously viewed as crafts have found their rightful way into museums as well as how this new found engagement with finely wrought natural materials may foster an increased ecological sensitivity The result is a wide ranging and sensitive look at a crucial part of our material culture **Folk Art** Henry Glassie,Pravina Shukla,2023-06-13 Listen to the artists of the Brazilian Northeast Their work they say comes of continuity and creativity Continuity runs along lines of learning toward social coherence Creativity brings challenges and deep personal satisfaction What they say and do in Brazil aligns with ethnographic evidence from New Mexico and North Carolina from Ireland Portugal and Italy from Nigeria Turkey India and Bangladesh from China and Japan This book is about that about folk art as a sign of human unity *Daniel Johnston* Henry Glassie,2020-03-03 DANIEL JOHNSTON raised on a farm in Randolph County returned from Thailand with a new way to make monumental pots Back home in North Carolina he built a log shop and a whale of a kiln for wood firing Then he set out to create beautiful pots grand in scale graceful in form and burned bright in a blend of ash and salt With mastery achieved and apprentices to teach Daniel Johnston turned his brain to massive installations First he made a hundred large jars and lined them along the rough road that runs past his shop and kiln Next he arranged curving clusters of big pots inside pine frames slatted like corn cribs to separate them from the slick interiors of four fine galleries in succession Then in concluding the second phase of his professional career Daniel Johnston built an open air installation on the grounds around the North Carolina Museum of Art where 178 handmade wood fired columns march across a slope in a straight line 350 feet in length that dips and lifts with the heave while the tops of the pots maintain a level horizon In 2000 when he was still Mark Hewitt s apprentice Daniel Johnston met Henry Glassie who has done fieldwork on ceramic traditions in the United States Brazil Italy Turkey Bangladesh China and Japan Over the years during a steady stream of intimate interviews Glassie gathered the understanding that enabled him to compose this portrait of Daniel Johnston a young artist who makes great pots in the eastern Piedmont of North Carolina **Clay** Suzanne Staubach,2013-09-03 More than a third of the houses in the world are made of clay Clay vessels were instrumental in the invention of cooking wine and beer making and international trade Our

toilets are made of clay The first spark plugs were thrown on the potter s wheel Clay has played a vital role in the health and beauty fields Indeed this humble material was key to many advances in civilization including the development of agriculture and the invention of baking architecture religion and even the space program In Clay Suzanne Staubach takes a lively look at the startling history of the mud beneath our feet Told with verve and erudition this story will ensure you won t see the world around you in quite the same way after reading the book
