Seneca: Oedipus Susanna Braund, 2015-12-17 Oedipus king of Thebes is one of the giant figures of ancient mythology Through the centuries his story has inspired works of epic poetry lyric poetry tragedy opera a gospel musical and more The myth has been famously deployed in psychology by Sigmund Freud It may not be too bold to claim that Oedipus is the name from Greco Roman mythology best known beyond the academy at the present time thanks to Freud's famous phrase the Oedipus complex The most famous version of the Oedipus myth from antiquity is the Greek play by Sophocles But there is another version the Latin drama by the Roman philosopher and politician Seneca Seneca's version is an entirely different treatment from that of Sophocles and reflects concerns special to the author and his Roman audience in the first century AD Moreover the play actually exercised a much greater influence on European literature and thought than has usually been suspected This book offers a compact and incisive study of the multi faceted Oedipus myth of Seneca as dramatist of the distinctive characteristics of Seneca's play and of the most important aspects of the reception of the play in European drama and culture The scope of the book ranges chronologically from Homer's treatment of Oedipus myth in the Odyssey down to a twenty first century Senecan treatment by a Lebanese Canadian dramatist No knowledge of Latin or other foreign languages is required **The Young Actor's Book of Improvisation** Sandra Caruso, Susan Kosoff, 1998 The most extensive

sourcebook available for nurturing young actors improvisational work **The Doctor in Spite of Himself ; and The Bourgeois Gentleman** Molière, 1987 Offers a modern translation of Molière's plays about a wife's revenge on her brutish husband and a wealthy merchant who aspires to be a fine gentleman *Integrating Drama with Primary and Junior Education* Agnes D. Walkinshaw, 2004 A sense of mystery surrounds the subject of drama within primary and junior education compounded by the assumption that the individual modalities of the experts in the field are exclusive rather than inclusive This has fostered obscurity and confusion as to what constitutes drama and indeed how drama should be taught The direct consequence of such misconception and erroneous supposition is the beggared implication of drama However in an era of primary and junior education when the Arts generally and drama specifically are being given a dutiful nod at best it is of critical importance that a solution to this problematic predicament be established This work offers such knowledge by deconstructing the methodologies and philosophies of Winifred Ward Peter Slade Brian Way Dorothy Heathcote and David Hornbrook within the neutral framework of Aristotle's dictates for drama These pioneers from the field of drama within education exemplify individual unique and exclusive styles Traditionally they would have been considered as incompatible However an unbiased examination and analysis of their work exposes mutual concerns common threads as well as polemic opinions A definition **JFK** Oliver Stone, Zachary Sklar, 2000-02 Provides the complete script for JFK which details the investigation into President Kennedy's assassination and includes responses and comments about the film and official reports and documentation **Mary Stuart** Friedrich Schiller, 1959 Many have told the tragic tale of Mary Queen of Scots it is irresistible but none more powerfully than Friedrich Schiller Like Mary Stuart herself and the legends which pursued her to her death Schiller's drama continues to captivate the modern imagination nearly two centuries later Eric Bentley's lean forceful rendering of the German masterpiece will command the attention of theatre audiences for years to come *The Cumulative Book Index*, 1991 A world list of books in the English language
