Killing the Bear Andrew Tennison, 2018-05-21 Over the past fifty years the face of addiction has changed in America it has become much younger It is estimated that 90% of serious problems with alcohol and drugs in our country begin between the ages of 12 and 20 Unfortunately our efforts toward the prevention and treatment of alcohol and drug use by youth have

not kept pace with this new reality For parents who have found themselves dealing day to day with a teen caught in the grips of addiction the gap between this new reality and the inadequate remedies is often overwhelming Despite a successful career in the field of mental health Andrew Tennison was one such parent While he knew how to help children and teens who had suffered from abuse and neglect he knew nothing about how to help his own son Ian as he slipped into the nether world of aggressive alcohol and drug use Killing The Bear is his story about what it was like to be a parent of a teen struggling with addiction and what he did about it Written for parents who are traveling a similar path or those who want to help such families Killing The Bear provides both a personal account of living with teen addiction and practical ways of surviving it

Not My Child G. Frank Lawlis, 2013 Offers parents information on helping with a teenager struggling with addiction including advice on detecting addiction information on addiction's impact on the teenage brain and guidance helping a child repair broken relationships Everything Changes Beverly Conyers, 2009-06-21 A compassionate user friendly handbook for family and friends navigating the many challenges that come with a loved one's new found sobriety A relative or friend has finally taken those tentative first steps toward sobriety With the relief of this life changing course of action comes a new and difficult set of challenges for recovering addicts and those who love them Family members and friends often find themselves unsure of how to weather such a dramatic turn as the rules and routines of their relationships no longer pertain Everything Changes assuages fears and uncertainty by teaching loved ones of newly recovering addicts how to navigate the often tumultuous early months of recovery Beverly Conyers author of the acclaimed Addict in the Family again shares the hope and knowledge that she gained as a parent of a recovering addict by focusing on the aftermath of addiction She outlines the physical and psychological changes that recovering addicts go through and offers practical tools to help family members and friends build a fresh rewarding relationship with the addict be supportive without setting themselves up for disappointment avoid enabling destructive behavior set and maintain boundaries cope with relapse deal with the practicalities of sober living such as helping the addict find a job and deal with the stigma of addiction *The Freedom Model for the Family* Michelle L. Dunbar, Steven Slate, Mark W. Scheeren, 2018-04-10 The Freedom Model for the Family is an approach for families dealing with a loved one who is struggling from addiction It was written by the authors of The Freedom Model for Addictions and uses the same principles in a way that families can apply them Addiction is not a disease and it's definitely not a family disease Treating it like one has led us to the crisis we're seeing today Treatment plays both sides of the fence It labels addiction a disease but then advises families to implement tough love and cut the substance user off Can you imagine screaming at your son suffering from cancer that you're done with him and will no longer support him due to his cancer Can you imagine oncologists advocating that families cut off their loved one with cancer No one would ever do that yet it happens around the country every day regarding addiction It is time for a solution that lets go of the disease mythology while not demanding you abandon your loved one or coerce them into disease based treatment There is a better way Finally we now

know what addiction is and what it is not we know why people struggle and we know how best to help them and their families There s a viable solution that has helped thousands of people to put addiction and substance use problems behind them for good Based on three decades of research and experience helping substance users and their families The Freedom Model for Addictions and The Freedom Model for the Family is nothing short of revolutionary
