Like Mary Chesnut's famous diary Anna's letters the crux of Russell's study provide us with a rich detailed picture of southern life both personal and public A History of the University of South Carolina, 1940-2000 Henry H. Lesesne, 2001 Describes the transformation of one of the nation's oldest public institutions of higher learning into a modern research university The history of the modern University of South Carolina originally chartered as South Carolina College in 1801 describes the significant changes in the state and in the character of higher education in South Carolina World War II the civil rights struggle and the revolution in research and South Carolina's economy transformed USC from a small state university in 1939 with a student body of less than 2 000 and an annual budget of 725 000 to a 1990 population of more than 25 000 and an annual budget of 454 million Then the University was little more than a small liberal arts college today the university is at the head of a statewide system of higher education with eight branch campuses Henry H Lesesne recounts the historic transformation of USC into a modern research university grounding that change in the context of the modernization of South Carolina and the South in general The half century from 1940 to 1990 wrought great changes in South Carolina and its most prominent university State and national politics the challenges of funding modern higher educations and the explosive growth of intercollegiate sports are among other elements of the University that were transformed Lesesne describes with candor and impressive research how the University of South Carolina and indeed all of the state's higher education system emerged from a past limited by racism and poverty and began to measure its aspirations by national educational standards The South in the Building of the Nation: History of the states, ed. by J. students while the University of South Carolina offered white students a broad range of higher level academic and professional course work leading to a bachelor s degree Through the middle decades of the twentieth century South Carolina State was an incubator for much of the civil rights activity in the state The tragic Orangeburg massacre on February 8 1968 occurred on its campus and resulted in the deaths of three students and the wounding of twenty eight others Using the university as a lens Hine examines the state s history of race relations poverty and progress and the politics of higher education for whites and blacks from the Reconstruction era into the twenty first century Hine s work showcases what the institution has achieved as well as what was required for the school to achieve the parity it was once promised This fascinating account is replete with revealing anecdotes more than sixty photographs and illustrations and a cast of famous figures including Benjamin R Tillman Coleman Blease Benjamin E Mays Marian Birnie Wilkinson Mary McLeod Bethune Modjeska Simkins Strom Thurmond Essie Mae Washington Williams James F Byrnes John Foster Dulles James E Clyburn and Willie Jeffries
