Complete Remission Denice Jeffery, 2014-04 As a psychologist Denice Jeffery helped others learn to face their greatest fears with courage and integrity But on a dark day in 2005 she would need to learn how to apply those same support strategies to her own life That day she learned that she had breast cancer Just five years later she was told that the cancer had metastasized spreading throughout her body A remarkable journey began then now she is officially in complete

remission Here she shares her experiences honestly and intimately Although she had radiation she refused chemotherapy in favor of more natural therapies She bravely rejected her terminal diagnosis and started on a race for her very life hoping to unearth complementary strategies that could potentially ensure her survival In Part One she invites you into the life of a patient who refused to accept that there was nothing to be done In Part Two she details the strategies supplements and protocols she used to overcome her cancer Her story from diagnosis to complete remission and how she achieved that transformation offers hope to anyone facing cancer Not wanting to give up and just hand over to chemotherapy Ms Jeffery did her research and found a variety of alternatives that each had good if largely anecdotal successes but which made sense to her in terms of theory She also did a voyage through her own psyche to smooth the path and in the end has won the day and shares it all with the reader Dr Val Lewis Noosa Heads Queensland Australia

I Am a Doctor, My 3 Wives Died from Cancer Ariston P. Awitan Jr. M.D.,2021-07-16 For more than one hundred years there has been no significant improvement in the way cancer patients are treated by the medical establishment by the medical doctors and the healthcare industry The approved cancer treatment which is Surgery Radiation Therapy and Chemotherapy does not cure cancer Any form of treatment that is not approved by the Federal Drug Administration FDA is illegal so medical doctors are prohibited to use any other treatment of cancer except Surgery Radiation Therapy and Chemotherapy Research shows that strengthening of the Immune System plays an important role in letting the body heal itself But for some reason the government does not go out of its way to approve any other form of treatment or support any research in this regard Enlightened cancer patients want to seek alternative treatments given by alternative and integrative medical professionals who are holistic health practitioners But because their services are not recognized by the government and by the conventional medical profession therefore medicare and supplemental insurance do not pay for these services most cancer patients cannot avail of these services because they are expensive This book is the story of 3 wives of a medical doctor who in spite of sixty years in the medical profession felt helpless while his wives were suffering from this devastating disease He realized the inadequate approved treatment of cancer was enlightened after five years of research about the causes of chronic diseases including cancer and found the truth about Conventional and Alternative Treatment of Cancer He wrote this book with the hope that people will learn and be enlightened about their longevity and the government realizes that the approved Cancer Treatment Surgery Radiation Therapy and Chemotherapy do not cure cancer He believes that the cure of cancer lies mainly in strengthening the immune system and hopes that the government authorities recognize the holistic practitioners and support the research to strengthen the immune system to help the body heal itself
