Cambridge Companion 1945 2010 Companions Literature:

The Cambridge Companion to British Black and Asian Literature (1945-2010) Deirdre Osborne, 2016-10-14 This Companion offers a comprehensive account of the influence of contemporary British Black and Asian writing in British culture. While there are a number of anthologies covering Black and Asian literature, there is no volume that comparatively addresses fiction, poetry, plays, and performance and provides critical accounts of the qualities and impact within one book. It charts the distinctive Black and Asian voices within the body of British writing and examines the creative and cultural impact that African Caribbean and South Asian writers have had on British literature. It analyzes literary works from a broad range of genres while also covering performance writing and non-fiction. It offers pertinent historical context throughout and new critical perspectives on such key themes as multiculturalism and evolving cultural identities in contemporary British literature. This Companion explores race, politics, gender, sexuality, identity amongst other key literary themes in Black and Asian British literature. It will serve as a key resource for scholars, graduates, teachers, and students alike. **The Cambridge Companion to British Poetry, 1945-2010** Edward Larrissy, 2016 This Companion brings together sixteen essays that explore the full diversity of British poetry since the Second World War. Focusing on famous and neglected names alike from Dylan Thomas to John Agard, leading scholars provide readers with insight into the ongoing importance and profundity of post-war poetry. *The Cambridge Companion to British Fiction, 1945-2010* David James, 2015-10-06 The Cambridge Companion to British Fiction since 1945 provides insight into the critical traditions shaping the literary landscape of modern Britain. *The Cambridge Companion to American Fiction after 1945* John N. Duvall, 2011-12-08 Each generation revises literary history and this is nowhere more evident than in the post-Second World War period. This 2011 Companion offers a comprehensive, authoritative, and accessible overview of the diversity of American fiction since the Second World War. Essays by nineteen distinguished scholars provide critical insights into the significant genres, historical contexts, cultural diversity, and major authors during a period of enormous American global political and cultural power. This power is overshadowed nevertheless by national anxieties growing out of events ranging from the Civil Rights Movement to the rise of feminism, from the Cold War and its fear of Communism and nuclear warfare to the Age of Terror and its different yet related fears of the Other. American fiction since 1945 has faithfully chronicled these anxieties. An essential reference guide, this Companion provides a chronology of the period as well as guides to further reading. *The Cambridge History of Black and Asian British Writing* Susheila Nasta, Mark U. Stein, 2020-01-16 The Cambridge History of Black and Asian British Writing provides a comprehensive historical overview of the diverse literary traditions impacting on this field's evolution from the eighteenth century to the present. Drawing on the expertise of over forty international experts, this book gathers innovative scholarship to look forward to new readings and perspectives while also focusing on undervalued writers, texts, and research areas. Creating new pathways to engage with the naming of a field that has often been contested, readings of literary texts are

interwoven throughout with key political social and material contexts In making visible the diverse influences constituting past and contemporary British literary culture this Cambridge History makes a unique contribution to British Commonwealth postcolonial transnational diasporic and global literary studies serving both as one of the first major reference works to cover four centuries of black and Asian British literary history and as a compass for future scholarship
