The Official Guidebook to a College Football Scholarship Clarence K. Moniba, 2011-06-01. Are you a high school athlete who dreams about playing in the Rose Bowl? Maybe you see yourself playing for the Texas Longhorns or the Fighting Irish of Notre Dame. For every high school senior who wants to play football for a school like the Florida Gators, there are thousands of other athletes who will be competing to achieve the same dream. There are more than 12 million kids playing football on the high school level. However, only about 3,000 high school football players each year get to sign a national letter of intent to play for a Division I FBS University and another 2,300 at the Division I AA FCS level. This constitutes less than 1% of high school students who are offered that elusive football scholarship. Because of these odds, even talented players like you need an advantage. To make yourself stand out from the rest of the field, you need to know how to market yourself to a university, interact with their coaching staff and ensure that you are doing the right things off the field to get the best scholarship opportunities available. By compiling advice from college coaches, communication experts as well as scholarship athletes, this in-depth book is a how-to manual that puts you in the best position to earn a college football scholarship. Talent is a necessity, but it takes the right strategy to propel an athlete to the next level. By following this easy step-by-step guide, you will be well on your way to earning that coveted football scholarship.
