Can Pakistan Survive The Death Of A State Pelican:

Dynamics of Political Development in Afghanistan H. Emadi, 2010-10-18 This book examines how dependent development and struggles for power within and outside the state apparatus led to formation of alliances with imperial powers and how the latter used these alliances to manipulate political development in Afghanistan to their own advantage

Cricket: A Political History of the Global Game, 1945-2017 Stephen Wagg, 2017-11-14 Cricket is an enduring paradox On the one hand it symbolises much that is outmoded imperialism a leisured elite a rural aristocratic Englishness On the other it endures as a global game and does so by skilful adaptation trading partly on its mythic past and partly on its capacity to repackage itself This ambitious new history recounts the politics of cricket around the world since the Second World War examining key cultural and political themes including decolonisation racism gender globalisation corruption and commercialisation Part One looks at the transformation of cricket cultures in the ten territories of the former British Empire in the years immediately after 1945 a time when decolonisation and the search for national identity touched every cricket playing region in the world Part Two focuses on globalisation and the game s evolution as an international sport analysing social change and the Ashes the campaigns for new cricket formats the development of the women s game the new breed of coach the limits to the game s global expansion and the rise of India as the world s leading cricket power Cricket A Political History of the Global Game 1945 2017 is fascinating reading for anybody interested in the contemporary history of sport

Regional Cooperation and Development in South Asia Bhabani Sen Gupta, 1986 Papers presented at a seminar organized by the Centre for Policy Research New Delhi April 1985 *The South Asian Challenge* Khadija Haq, 2002 This volume discusses the challenges faced by South Asia at the dawn of the new century It seeks to discover why despite having an enormous potential for development the region has lagged behind other areas of the world in its utilization of resources and provides possible solutions to South Asia s problems *The State, Class Formation, and Development in Bangladesh* S. M. Shamsul Alam, 1995-12-19 This book studies postcolonial Bangladesh and shows how the state failed to create an industrial bourgeoisie class The author explores concepts of the postcolonial state colonialism during the British period postcolonial Bangladesh under various regimes the influences of democracy and alternatives through which Bangladesh may become a civil society This highly analytical and interpretive study offers a solution to the problem by calling for a participatory development and abandoning the idea of modernity A table of contents and a list of abbreviations make this book an especially thorough and pragmatic reference tool Imagining Pakistan Rasul Bakhsh Rais, 2017-08-30 Imagining Pakistan argues that the creation of Pakistan is a result of Muslim modernism in the Subcontinent as it defined the struggle for identity nationalism and empowerment of Muslim communities This modernist movement represented the ideals of inclusivity equal rights a liberal constitutional framework and a shared sense of political community among diverse ethnic and regional groups However while this modernity was the ideal of Pakistan s founders it faced resistance from Islamists obsessed with

recovering a past legacy of lost Muslim glory A major threat to political modernism also came from the military that wanted to create a strong and secure Pakistan through controlled democracy Multiple interventions by the military and deviations from the foundational republican ideas left Pakistan in the rough sea of power struggles causing institutional decay and creating space for the rise of radical Islam Imagining Pakistan analyzes the institutional imbalance between the military and the civilian groups the idea of the security state and the Islamist social forces and movements that have been engaged in the politics of Islamic revival It argues that Pakistan s stability security and progress will depend on pursuing the path of political modernity Although the restoration of parliamentary democracy and the resilience of the Pakistani society are hopeful signs resolving the critical issues that Pakistan faces today will require consolidation of democracy better leadership and a moderate and modernist vision of both the state and the society
